WASHINGTON (AP) — President Kennedy's appointment of a new Navy secretary may set off a chain reaction leading to congressional explosion over a tentative Pentagon decision to deny the Navy any more nuclear carriers.

When Paul H. Nitze, named Monday to succeed Fred Korth, comes before the Senate for confirmation, it seems certain he will be asked for his views on the continuing controversy over whether carriers should be phased out in favor of missiles and missile-firing submarines.

### Argument Lost

Korth, who said he was resigning to "attend to my pressing private affairs," probably will be asked to explain if his decision had any connection with his apparently futile efforts to get a new nuclear carrier built.

Associates said his defeat in the nuclear power argument sped his decision to quit.

Some Congress members said they thought Korth's action stemmed from the row over the controversial TFX warplane contract award, and Sen. Carl T. Curtis, R-Neb., said Korth will be questioned again about it.

Korth has told the Senate Investigations subcommittee headed by Sen. John L. McClellan, D-Ark., that a bank he formerly headed in Fort Worth, Tex., joined several others in making a loan to the General Dynamics Corp.

### Confirmation Assured

General Dynamics was given the TFX contract by Secretary of Defense Robert S. McNamara despite a claim by the Boeing Co. that it could produce the TFX — tactical fighter, experimental — cheaper. Korth supported the award to General Dynamics.

Senate Republican Leader Everett M. Dirksen said he thinks there will be no serious opposition to confirmation of Nitze, who now is assistant secretary of defense for international affairs. He was named to the post by Kennedy in 1961.

The nomination of Nitze, 55, will go to the Senate Armed Services Committee.

In announcing the Navy switch the White House disclosed that Korth wrote his resignation last Friday—the same day he persuaded McNamara to reconsider a tentative decision against permitting the Navy to install nuclear power rather than conventional engines in its new supercarrier.

## Uncle Bill, 108, Goes Barefoot To Prevent Flu

SPRUCE PINE, N.C. (AP) — A hint for those coming to help Uncle Bill Keller celebrate his birthday today: He says it wouldn't hurt if you bring a little peach brandy.

Uncle Bill will be 108. That, according to the Social Security Administration, makes him the oldest resident of North Carolina.

Widowed twice, he lives alone in a small mountain house. He says he walks barefooted in snow, "to keep from having colds and flu."

## Ruined Italian Valley Rebuilds

BELLUNO, Italy (AP) — The Survivors of the Vajont Dam disaster and the Italian government acted together today to bring life back to the desolate region.

Despite fears of another disaster, the death toll and the appalling destruction, there were signs the flood-stricken area might indeed live again.

With the death toll estimate between 2,300 and 3,000, hundreds of persons still were missing. But army commanders leading recovery operations said it appeared pointless to keep up full-scale digging operations in the hardened mud much longer.

In Rome, Premier Giovanni Leone's Cabinet voted a series of crash measures to start the disaster area toward recovery.

All taxation of communities in the area was suspended until further notice. Local budgets will be supplemented as needed. Special funds were voted to speed new construction.

The government ordered state road, railroad and communications agencies to undertake an emergency program to get services back to normal as soon as possible.

In Longarone, hardest hit community, the seven surviving members of the 15-man Municipal Council voted to start rebuilding if the government would help.

## Foreign Aid Bill In Trouble

WASHINGTON (AP) — The fight over foreign aid crackles anew today in the Senate where the administration intends to mount a counterattack to recapture some of the \$1 billion cut in the House.

Republican Leader Everett M. Dirksen thinks the tide of battle has turned against the aid program.

"The bill is in deep, deep trouble this year," said the Illinois senator. "There is a new and harder attitude in the Senate and throughout the country."

President Kennedy is asking the Senate Foreign Relations Committee to restore at least a good chunk of the \$1 billion the House chopped from the \$4.5 billion he had requested.

## Treasury Chief Pushes Kennedy Tax Cut Parcel

WASHINGTON (AP) — Secretary of the Treasury Douglas Dillon began the job today of selling President Kennedy's tax cut package to what may be the toughest customer on Capitol Hill—Sen. Harry F. Byrd and his Senate Finance Committee.

After waiting through 20 days of closed hearings, Dillon appeared today with a thick sheaf of facts and figures that stressed a need for urgency in approving the \$11 billion reduction this year.

Said Dillon, "It is essential to the well-being of the nation that every effort be made to complete action on this bill before the end of the current year . . . the nation has waited too long for relief from the stifling burden of excess taxes."

Byrd, the Virginia Democrat called by many "the watchdog of the Treasury," opposes a tax cut without balancing cuts in spending. He prefers to hold up

## State Pay Raise Demand Studied By Commission

LANSING (AP) — Two proposals that could cost the state millions a year in pay raises for state employees have been taken under study by the Civil Service Commission.

The larger demand, built around an across-the-board pay hike of 49 cents an hour for all 32,000 classified workers, was submitted to the commission Monday by the Michigan State Employees Union.

The other, based on a three per cent pay increase for all employees and a hike of 20 cents an hour for the six lowest classifications, came from the rival Michigan State Employees Association.

Both proposals will be considered on the basis of a report by the commission staff on wage levels in private industry and in other governments, with a decision expected in December.

## Joint Peace Move Made By 2 Big Powers

UNITED NATIONS, N.Y. (AP) — The U.N.'s main political committee decided today to give top priority to the question of banning underground nuclear tests as it launched debate on the over-all disarmament issue.

Debate on the test-ban issue was slated to begin in the 11-nation committee this afternoon. Both the United States and the Soviet Union are expected to take the floor.

The committee encountered no opposition in putting the item at the top of its arms agenda. But the Soviet Union is sure to try to block U.S. demands for inspection safeguard in any ban on underground blasts.

The United States and the Soviet Union put final touches on a joint effort to bar nuclear weapons from outer space and clear the way for new disarmament negotiations.

### Two Resolutions

One proposal, to be introduced by other members on behalf of Moscow and Washington, appeals to nations to refrain from putting nuclear weapons on orbiting space satellites.

The United States and Russia planned to propose the second resolution. It would press the Geneva Disarmament Committee to explore possibilities for a breakthrough on the question of complete disarmament.

The eight nonaligned members of the 17-nation Geneva Committee have two resolutions for assembly consideration.

One was drawn in general terms and renewed the call for complete disarmament. It was not expected to stir up much discussion.

### Test Ban Revised

The other, dealing with the disputed question of underground testing, underwent last-minute revisions after Soviet and American arms experts objected to a preliminary draft. The resolution calls on the nuclear powers to round out the limited nuclear test ban treaty by halting nuclear weapon tests beneath the earth's surface.

The United States objected to the initial draft circulated by Yugoslavia because it failed to mention inspection safeguards. The Russians objected to mention of previous resolutions they did not like.

U.S. Secretary of State Dean Rusk, Soviet Foreign Minister Andrei Gromyko and British Foreign Secretary Lord Home announced after a meeting in New York Oct. 3 that their governments agreed in principle that the orbiting of nuclear weapons should be banned.

## Jeers And Boos Bring Charges

DETROIT (AP) — Six civil rights demonstrators were charged Monday with disturbing the peace at the finish of Detroit's Olympic Torch cross-country run Friday.

Warrants against the six, identified by police as members of groups active in civil rights, were issued on recommendation of Prosecutor Samuel D. Olsen. Demonstrators booed during the playing of the Star Spangled Banner by the Detroit police band and jeered speakers and Negro athlete Hayes Jones.

Jones, a 1960 Olympics hurdles medal winner, carried the torch the last mile on its 2,500-mile relay runners from Los Angeles in Detroit's dramatization of its effort to win the 1968 summer Olympic Games.

Named in the charges, a misdemeanor, were David Niederhouser, about 30, identified as a member of CORE, and Luke S. Tripp Jr., 22; John Williams, 25; John Watson, 19; General Baker Jr., 20 and Gwendolyn Kemp, 18, all of Detroit.

The charge provides maximum penalties of a \$100 fine and 90 days in jail upon conviction.

Police said Tripp is president of Uhuru, a Negro organization, and Miss Kemp treasurer. Williams, Watson and Baker are Uhuru members, police said.

## Adenauer Says Farewell; Unity Still His Hope

BONN, Germany (AP) — Konrad Adenauer bade farewell to the West German Parliament as chancellor today, saying his dream of a reunited Germany is possible only with the help of friends abroad.

It was a solemn hour for the man who had been West Germany's only chancellor in the 14 years of rebuilding from the ruins of World War II. In dark coat and striped trousers, he listened soberly to praise from Eugen Gerstenmaier, president of the Bundestag.

"Today," Gerstenmaier concluded, "the German Bundestag rises to you, Mr. Federal Chancellor, to announce thankfully to the German people:

"Konrad Adenauer has earned the gratitude of the Fatherland."

Oakland County Assistant Prosecutor Robert Templin said warrants charging all with conspiracy to violate state gaming laws would be sought this week.

## Morocco Troops Invade Algeria

ALGIERS (AP) — Algerian radio claimed today that Algerian forces have recaptured two desert outposts taken by Moroccan troops Monday.

The Algerians said Moroccan troops supported by tanks, planes and heavy artillery swept up to 60 miles over the border Monday in the area of Hassi-Beida and Tinjoub, the outposts.

The Algerian government never officially admitted that the two places fell to the Moroccan invaders. But today, the radio announcer said in a triumphant voice:

"Our forces have cleared the invaders from Hassi-Beida and Tinjoub."

resignation of the 87-year-old chancellor.

Then Adenauer spoke of the dream that never was realized, the reunion of West Germany with Communist-ruled East Germany.

"A solution is not possible between ourselves and our opponents alone," he said, "but only with the help of our friends, and thank God, we have friends in the world again."

By opponents, he meant the Russians, who still occupy East Germany and have set up a Communist regime for its 17 million inhabitants.

Adenauer said that reunification could be seen on the horizon if Germans are watchful, cautious and patient.

"I am convinced that it will come," Adenauer said, "because unity cannot be denied to a people like the Germans when they want to create it in peace."

### Goal Set Back

Adenauer has one more day in office. He will remain as acting chancellor until the Bundestag elects Ludwig Erhard, the vice chancellor.

In a talk with reporters Monday, Adenauer had disclosed he felt the goal of reuniting Germany had been set back by warming relations between the United States and the Soviet Union.

But in his speech to the Bundestag, Adenauer emphasized that it is only friendship with the United States and other countries that gives Germans the right to expect that their country will one day be reunited.

Adenauer could look back on his 14 years as Germany's first and only postwar chancellor as an era of raising Germany from the ruins of World War II to a democratic nation of prosperity and military might allied with the West.

The broadcast said the Moroccan forces were bringing in heavy reinforcements. It alleged that some of the Moroccan troops were airlifted to the fighting area in planes piloted by American airmen, members of a U.S. military training detachment with the Royal Moroccan Air Force.

The clash occurred in an area 300 miles across the Atlas Mountains from Marrakech, Morocco, where Mrs. John F. Kennedy is visiting this week. U.S. Ambassador John H. Ferguson indicated in Marrakech that the border clash would not curtail Mrs. Kennedy's stay, which is to last until Wednesday or Thursday.

## Navy Promotes Nuclear Power For New Ships

By FRED S. HOFFMAN

WASHINGTON (AP) — The Navy believes U.S. atomic know-how is moving ahead so rapidly that before long it will be dollar-foolish to build surface warships with fuel oil engines rather than nuclear power plants.

It is supported by the Atomic Energy Commission, which in effect touched off the current dispute between the Defense Department and the Navy.

Many months ago, it was learned, AEC Chairman Glenn Seaborg suggested to Secretary of Defense Robert S. McNamara that nuclear power costs were coming down and that the Pentagon should give thought to wider application of atomic power to surface vessels.

The Navy may have lost the first battle—but with powerful backing on Capitol Hill it may yet win the war.

### Cost Is Factor

Secretary of the Navy Fred Korth's abrupt resignation, announced Monday, appears the tipoff that McNamara probably will deny the Navy permission to install nuclear engines in a new aircraft carrier for which Congress last year voted \$280 million.

The Navy is not talking about the studies it made to support its bid for the new carrier and, beyond that, for all future warships heavier than 8,000 tons.

But certain members of Congress are aware of the Navy findings, and the matter may come out on the public record if hearings are held.

Cost is a pivotal factor both on the issue of the carriers' future as a weapon either conventionally or atomic-powered, and the longer range matter of building warships of various kinds with nuclear power plants.

The United States some years ago made a start on a nuclear surface fleet but the Pentagon changed direction when costs began getting out of hand. The \$5,000-ton Enterprise, world's first and only nuclear carrier, ran up a bill of \$474 million.

Prospects Hopeful But Seaborg reported to McNamara that technological progress had been so marked that four nuclear engines installed in the new carrier could furnish about as much power as the eight reactors that propel the Enterprise.

He also said that the new type engines could use atomic fuel with more than double the life expectancy of those used in the Enterprise's engines.

Navy studies that followed showed that the costs of installing atomic power plants were dropping and are expected to drop even more. The nuclear engines also are expected to improve in output of power and in simplicity.

The prospects are so hopeful that atomic experts in the AEC and the Navy are giving serious thought to the practicality of mounting nuclear engines in fighting ships as small as 4,500-ton guided missile destroyers.

McNamara's experts reportedly have estimated it would cost another \$180 million to build the next carrier with atomic power. The Navy's calculations arrived at a figure nearly \$60 million lower.

Bound up in the whole question is the future size of the Navy's powerful carrier forces.

There have been strong hints that key defense officials are inclined to cut the Navy attack carrier fleet from 15 vessels to perhaps 13.

### Carrier Needs Disputed

They reason that the advent of long range missiles and Polaris missile-firing submarines has reduced the former importance of the carrier and that the cost of maintaining the carrier strike forces at their present levels is not justified by the contribution they can make to fighting limited war.

The Navy challenges this view contending that for the foreseeable future there is no readily available, powerful enough force comparable to the carrier task group to apply U.S. might in overcoming brush fire crises in far flung areas of the globe.

McNamara is reported to have proposed keeping the attack carrier force at 15 ships into 1970, then dropping one carrier a year for two years and leveling off at 13.

The Navy was said to have balked at going below 14 carriers until the shape of things to come is clearer.

LANSING (AP) — Two proposals that could cost the state millions a year in pay raises for state employees have been taken under study by the Civil Service Commission.

The larger demand, built around an across-the-board pay hike of 49 cents an hour for all 32,000 classified workers, was submitted to the commission Monday by the Michigan State Employees Union.

Both proposals will be considered on the basis of a report by the commission staff on wage levels in private industry and in other governments, with a decision expected in December.

action on the cut until the 1964 session to put pressure on Kennedy to put the brakes on the budget.

Dillon argued strongly against this.

"The need for a major program of tax reduction and revision is pressing," he said. "I firmly believe that to delay its passage would incur serious economic risks."

The President says the tax cut would give families extra money to buy dishwashers or make a down payment on a new car, plants money to buy new equipment, and free more money for investment. This, he and his advisers say, will put the economy in high gear, and also bring in more taxes ultimately.

In his statement, packed with charts on what the reduction would do for taxpayers, Dillon said the bill as approved by the House will do the job with one exception—the treatment of capital gains.

"Because of the urgency of prompt action, I recommend that the committee eliminate the provisions of the bill dealing with capital gains," said Dillon.

His comments were in a prepared statement. If the bill becomes fully effective, it will remove 1.5 million low-income families from the tax rolls, and mean cuts of \$100 for four-person families earning \$5,000 a year, \$202 for a similar family with a \$10,000 a year income, \$1,004 for a \$30,000 a year family, and \$5,278 for a \$100,000 family.

Demonstrators booed during the playing of the Star Spangled Banner by the Detroit police band and jeered speakers and Negro athlete Hayes Jones.

Jones, a 1960 Olympics hurdles medal winner, carried the torch the last mile on its 2,500-mile trip by relay runners from Los Angeles in Detroit's dramatization of its effort to win the 1968 summer Olympic Games.

Named in the charges, a misdemeanor, were David Niederhouser, about 30, identified as a member of CORE, and Luke S. Tripp Jr., 22; John Williams, 25; John Watson, 19; General Baker Jr., 20 and Gwendolyn Kemp, 18, all of Detroit.

The charge provides maximum penalties of a \$100 fine and 90 days in jail upon conviction.

Police said Tripp is president of Uhuru, a Negro organization, and Miss Kemp treasurer. Williams, Watson and Baker are Uhuru members, police said.

## Adenauer Says Farewell; Unity Still His Hope

BONN, Germany (AP) — Konrad Adenauer bade farewell to the West German Parliament as chancellor today, saying his dream of a reunited Germany is possible only with the help of friends abroad.

It was a solemn hour for the man who had been West Germany's only chancellor in the 14 years of rebuilding from the ruins of World War II. In dark coat and striped trousers, he listened soberly to praise from Eugen Gerstenmaier, president of the Bundestag.

"Today," Gerstenmaier concluded, "the German Bundestag rises to you, Mr. Federal Chancellor, to announce thankfully to the German people:

"Konrad Adenauer has earned the gratitude of the Fatherland."

"It Will Come"

The Bundestag president read a short letter from President Heinrich Lübke, accepting the

resignation of the 87-year-old chancellor.

Then Adenauer spoke of the dream that never was realized, the reunion of West Germany with Communist-ruled East Germany.

"A solution is not possible between ourselves and our opponents alone," he said, "but only with the help of our friends, and thank God, we have friends in the world again."

By opponents, he meant the Russians, who still occupy East Germany and have set up a Communist regime for its 17 million inhabitants.

Adenauer said that reunification could be seen on the horizon if Germans are watchful, cautious and patient.

"I am convinced that it will come," Adenauer said, "because unity cannot be denied to a people like the Germans when they want to create it in peace."

### Goal Set Back

Adenauer has one more day in office. He will remain as acting chancellor until the Bundestag elects Ludwig Erhard, the vice chancellor.

In a talk with reporters Monday, Adenauer had disclosed he felt the goal of reuniting Germany, had been set back by warming relations between the United States and the Soviet Union.

But in his speech to the Bundestag, Adenauer emphasized that it is only friendship with the United States and other countries that gives Germans the right to expect that their country will one day be reunited.

Adenauer could look back on his 14 years as Germany's first and only postwar chancellor as an era of raising Germany from the ruins of World War II to a democratic nation of prosperity and military might allied with the West.

## Morocco Troops Invade Algeria

ALGIERS (AP) — Algiers Radio claimed today that Algerian forces have recaptured two desert outposts taken by Moroccan troops Monday.

The Algerians said Moroccan troops supported by tanks, planes and heavy artillery swept up to 60 miles over the border Monday in the area of Hassi-Beida and Tinjoub, the outposts.

The Algerian government never officially admitted that the two places fell to the Moroccan invaders. But today, the radio announcer said in a triumphant voice:

"Our forces have cleared the invaders from Hassi-Beida and Tinjoub."

The broadcast said the Moroccan forces were bringing in heavy reinforcements. It alleged that some of the Moroccan troops were airlifted to the fighting area in planes piloted by American airmen, members of a U.S. military training detachment with the Royal Moroccan Air Force.

The clash occurred in an area 300 miles across the Atlas Mountains from Marrakech, Morocco, where Mrs. John F. Kennedy is visiting this week. U.S. Ambassador John H. Ferguson indicated in Marrakech that the border clash would not curtail Mrs. Kennedy's stay, which is to last until Wednesday or Thursday.

THESE THREE LADIES must appear bareheaded when they come up for admission to practice before the Supreme Court, and they claim it's a handicap. "We're on the go so much people have accused us of sleeping in our hats," says Mrs. Maude Hughett (left), senior member of the Louisville, Ky., law firm which includes her daughter, Miss Josephine Hughett, and sister, Mae Stricklin. ## Navy Promotes Nuclear Power For New Ships

By FRED S. HOFFMAN

AP Military Affairs Writer  
WASHINGTON (AP) — The Navy believes U.S. atomic know-how is moving ahead so rapidly that before long it will be dollar-foolish to build surface warships with fuel oil engines rather than nuclear power plants.

It is supported by the Atomic Energy Commission, which in effect touched off the current dispute between the Defense Department and the Navy.

Many months ago, it was learned, AEC Chairman Glenn Seaborg suggested to Secretary of Defense Robert S. McNamara that nuclear power costs were coming down and that the Pentagon should give thought to wider application of atomic power to surface vessels.

The Navy may have lost the first battle—but with powerful backing on Capitol Hill it may yet win the war.

### Cost Is Factor

Secretary of the Navy Fred Korth's abrupt resignation, announced Monday, appears the tipoff that McNamara probably will deny the Navy permission to install nuclear engines in a new aircraft carrier for which Congress last year voted \$280 million.

The Navy is not talking about the studies it made to support its bid for the new carrier and, beyond that, for all future warships heavier than 8,000 tons.

But certain members of Congress are aware of the Navy findings, and the matter may come out on the public record if hearings are held.

Cost is a pivotal factor both on the issue of the carriers' future as a weapon either conventionally or atomic-powered, and the longer range matter of building warships of various kinds with nuclear power plants.

The United States some years ago made a start on a nuclear surface fleet but the Pentagon changed direction when costs began getting out of hand. The \$5,000-ton Enterprise, world's first and only nuclear carrier, ran up a bill of \$474 million.

### Prospects Hopeful

But Seaborg reported to McNamara that technological progress had been so marked that four nuclear engines installed in the new carrier could furnish about as much power as the eight reactors that propel the Enterprise.

He also said that the new type engines could use atomic fuel with more than double the life expectancy of those used in the Enterprise's engines.

Navy studies that followed showed that the costs of installing atomic power plants were dropping and are expected to drop even more. The nuclear engines also are expected to improve in output of power and in simplicity.

The prospects are so hopeful that atomic experts in the AEC and the Navy are giving serious thought to the practicality of mounting nuclear engines in fighting ships as small as 4,500-ton guided missile destroyers.

McNamara's experts reportedly have estimated it would cost another \$180 million to build the next carrier with atomic power. The Navy's calculations arrived at a figure nearly \$60 million lower.

Bound up in the whole question is the future size of the Navy's powerful carrier forces.

There have been strong hints that key defense officials are inclined to cut the Navy attack carrier fleet from 15 vessels to perhaps 13.

### Carrier Needs Disputed

They reason that the advent of long range missiles and Polaris missile-firing submarines has reduced the former importance of the carrier as a strategic weapon and that the cost of maintaining the carrier strike forces at their present levels is not justified by the contribution they can make to fighting limited war.

The Navy challenges this view contending that for the foreseeable future there is no readily available, powerful enough force comparable to the carrier task group to apply U.S. might in overcoming brush fire crises in far flung areas of the globe.

McNamara is reported to have proposed keeping the attack carrier force at 15 ships into 1970, then dropping one carrier a year for two years and leveling off at 13.

The Navy was said to have balked at going below 14 carriers until the shape of things to come is clearer.

## Kenneth Parlato Is Commander Of Amvets Post

At the Amvets annual banquet at the Sherman Hotel, the following officers were installed Saturday by Don Koish, district commander:

Commander Kenneth Parlato, Senior Vice Commander Arthur Coolman, Junior Vice Commander James Little, Finance Officer George Embs, Adjutant Wilfred Doucette and Judge Advocate Clarence "Cully" Johnson.

Awards were presented by outgoing Commander Tom Nault to Gerald Dubord, Arthur Coolman, Bob Nault, Ed Oliver and George Embs. The post executive board awarded a certificate of merit to Tom Nault and a plaque was given to Don Koish for his service as editor of the Post monthly publication, Amvets in Formation.

Nault was presented with his past commander's pin and spoke briefly. New Post Commander Parlato outlined plans for the coming year with a strong emphasis on membership and service work to veterans.

Parlato also announced two office appointments including Robert Carlson as service officer and Don Koish as public relations officer. Nault will continue as club manager.

## Show Director Dies In Detroit

DETROIT (AP) — Robert H. Gordon, a former Broadway show director, collapsed and died Monday in his Art Center apartment.

Gordon, 60, had directed such productions as "Call Me Mister," "Inside USA," "I Hear America," and "Arabian Nights." He also directed network television programs and numerous shows for the Pittsburgh Civic Light Opera.

During World War II he headed the theater dept of the USO, producing some 60 plays for servicemen in this country and overseas.

Gordon, a native of New York, joined the Jam Handy organization in Detroit in 1955 as a director of live and filmed shows. The firm produces shows and motion pictures for business and industry.

His most recent project was the establishment of a dramatic workshop at Oakland University at nearby Rochester.

Gordon leaves his widow, Millicent. Arrangements for a private funeral service in Detroit were pending.

## Squaws Drink Birth Control

FORT COLLINS, Colo. (AP) — Shoshone Indian squaws know what they are doing when they drink a cold water extract as a birth control measure, two professors say.

The National Institutes of Health awarded a \$27,000 grant Monday to the professors, Gestur Johnson and Stanley Sunderwirth, to continue their study for three years.

Sunderwirth and Johnson said the squaws drink the extract from roots of the lithospermum ruderalis plant to reduce fertility. The plant grows in mountainous areas of Colorado.

Sunderwirth and Johnson, on the staff of Colorado State University, said biological effects of oxidized acid from the lithospermum result in "inhibition of ovulation in the laying hen and inhibition of ovarian growth in the immature female rate."

## Business Gains Prove Surprise

WASHINGTON (AP) — In the news from Washington:

GOING UP: Picking up more steam during the summer, business expansion has apparently reached a record rate of national output exceeding \$587 billion a year, government sources report.

The gains in the summer quarter surprised the President's Council of Economic Advisers and were the basis for Chairman Walter W. Heller's prediction last week that national output would top the \$600-billion-a-year mark early in 1964.

The third-quarter rise was believed to have been greater than that of the first half of the year which averaged a bit better than \$7 billion a quarter and brought the production rate close to \$580 billion in the April-June quarter.

The council now is reported to be confident the expansion will continue to the spring of 1964.

WHEAT DEAL: A wheat state senator has suggested that the Senate Foreign Relations Committee take a good look at Soviet purchases of U.S. wheat, and weigh the benefits here against the benefits there.

Sen. Karl E. Mundt, R-S.D., asked in a newsletter to his constituents:

"Does the benefit to our country and to the free world pale to insignificance as compared to the benefit realized by the Soviet Union through receipt of a sorely needed commodity to shore up its economy at the weakest point and to allow the Communists to avoid diverting efforts from a variety of tactics, such as subversion, infiltration and guerrilla warfare, aimed at world domination?"

Last week President Kennedy gave the go-ahead for sales of American wheat to the Russians by private U.S. dealers.

ONASSIS: Rep. Oliver P. Bolton, R-Ohio, has questioned whether it is proper for First Lady Jacqueline Kennedy "to accept the lavish hospitality of a foreign individual whose shipping interests... receive favored treatment from the U.S. government."

His statement referred to Aristotle Onassis, Greek shipowner on whose yacht Mrs. Kennedy sailed the Mediterranean.

Bolton said the Onassis interests got a "\$20-million windfall" as a result of special permission from the Maritime Administration to transfer 14 ships from American to foreign registry.

## Thyroid Study Linked To Milk

By FRANK KNOX

Associated Press Farm Writer  
EAST LANSING (AP) — Thyroxin — the secretion of the thyroid gland — is proving to be a stimulating subject for a team of Michigan State University researchers.

The researchers have found thyroxin to be an effective stimulant for increased milk production.

But the applications for the hormone are not limited to dairying. Experiments with breeding and with fur and feather production also are underway.

"We are already able to reproduce thyroxin synthetically," reports E. Paul Reineke, professor of physiology and pharmacology, who heads the research team.

"By combining this hormone with a protein, we can make a feed additive (thyroprotein) which stimulates milk production in cattle and increase the growth rate of some species of animals," he continues.

"Dairy cattle exhibit quick rises in production, sometimes increasing their milk output by as much as 20 per cent. This practice, which is used to some degree in the high-production dairy feed lots of California, has not yet gained wide acceptance.

"Some argue the hormone causes cows to 'burn out' too soon, resulting in a shorter productive life," Reineke notes. Reineke's basic study is the activity of the thyroid gland and measuring the amount of thyroxin it secretes in a given day. He hopes to develop animals with different levels of metabolism.

# Soil District Adds Emphasis On Recreation

The Delta County Soil Conservation District's work plan, in use since its creation in 1950, has been updated to include interests outside of farming, notably recreational usage of the land.

The updating was formalized at the recent Land and People Conference at Duluth where Agriculture Secretary Orville Freeman signed the new memorandum of understanding under which the Delta District will work. It is an agreement between the District and the U. S. Department of Agriculture.

The District's original agreement was farm land oriented and covered erosion control, drainage work, tree planting, pasture renovation, woodland management, cover crops, etc. Chief concern was with farm lands.

The Delta District has about 400 cooperators (landowners) embracing 68,000 of the county's 744,000 acres.

More than half of the co-operators' farmlands have been planned for soil and water usage by the District's soil conservationist of the U. S. Soil Conservation Service, Irwin Ten Haken. About 30 farms are planned for good soil and water usage each year and some of the old plans are revised.

The new agreement with the Agriculture Department will accent new activities by the District including soil and water conservation stressing recreational uses of these resources, watershed protection for fishing, game cover and other recreational usage, rural areas development, research.

The new purpose of the District is stated as primarily "to assist people in using and managing land for maximum profitable production on a sustained basis. It is imperative that all people realize soil conservation is everyone's concern. This is becoming more evident with the spreading out of small communities and cities. Water conservation, pollution control, and erosion on new building

sites are a few of the problems encountered in the spread.

"The recreational boom brings many of the same problems. More hunting camps are appearing on the cutover forties and many new cottages are being built on lake frontage and streams. Effective soil and water conservation practices are available for use on agricultural land and recreational land.

"The District will assist landowners and operators in planning, applying and maintaining these practices."

About 18 per cent of Delta County's land is in farms, with the average size 215 acres. Some farmers work at the industrial plants in Escanaba and Gladstone or at Sawyer Air Force Base.

About 85 per cent of the district is covered by woodland, in federal, state or private ownership. "Woodlots, especially farm and small private woodlots are not being managed to the degree possible and competent forestry assistance is needed. Some areas still are in need of tree planting.

"Approximately 6,568 acres in the district is classed as idle, wildlife or other land. Very little has been done with these lands and there is a need for soil and water conservation practices on some of this land. Reforestation, wildlife area improvement and recreational uses have a possibility on these lands.

"At least annually and often several times a year the Bark River tops its banks and floods farmlands and roads. The stream has a watershed of approximately 33,000 acres and a relatively flat grade in stretches. The stream is too shallow in places to give effective surface drainage from adjacent fields. "Other streams and old unimproved road ditches and culverts also present flood and drainage problems in the district.

"Wildlife habitat and food supply will be considered in all land use planning and especially on those lands where reforestation, recreation and wildlife may fit together. Wildlife ponds will be encouraged."

The agreement was signed for the District by Daniel Barron, Cornell, chairman; Octave J. Carignan, Cornell; Girard Vandamme and Elmer Lepisto, Rock, and Llewellyn Larson, Danforth.

Treason, felony and breach of the peace are the only three offenses for which a member of Congress is subject to arrest while in office.

## VFW Auxiliary Entertains For VA Patients

Members of the Veterans of Foreign Wars Auxiliary 2998 held a party at the Veterans Administration Hospital in Iron Mountain this past weekend.

A musical program of songs, skits, pantomime and group singing was presented by the Soo Hill Toppers, Kathryn LeClair, Sharon Viaw, Sharon Mattson, Christine Johnson and Sue Fletcher.

Gwen Dawson of Republic, Department Hospital VA chairman, introduced members of the Escanaba Auxiliary attending, Margaret Doucette, president, Lucille Cholger, hospital chairman, Vina Osier, Mary St. Jacques, Lorraine Briere and Lovella Wollack.

Following the program refreshments were served and cigarettes and other gifts were presented to the patients.

## Briefly Told

Regular meeting of Escanaba Commandery 49 and Ladies Auxiliary will be held at the Masonic Temple Thursday at 7:30 p. m.

Carl L. Johnson, 408 S. 15th St., bagged a five inch spikehorn with a bow and arrow while hunting near Ralph on Friday. The animal weighed about 150 pounds. John Anzalone and Harvey Spade were also in the hunting party.

William Huebler, a scoutmaster in Saginaw for six years, will head the organization effort at 7:30 tonight in St. Anne's Church basement when fathers and sons of scout age of the St. Anne and the John A. Lemmer Schools will meet to form a new Boy Scout troop.

## U. P. Travel Boost Planned

Decision will be reached early in December on extent of the Upper Michigan Tourist Association's participation in Midwest outdoor sports and travel shows early in 1964.

Two factors will determine the extent of such participation — the amount of funds available and definite knowledge of the number of persons ready to staff the UMTA booths.

Solicitation of support for the association's 1963-64 promotion program, including exhibits at the travel shows, will be stepped up for the next several weeks by Ken Dorman, Houghton, secretary-manager, and Clifford Liberty, Munising, field representative.

Carl Graves, Manistique, who has been coordinating the travel show ventures the last three years, said he must know by Dec. 15 the number of persons each of the Peninsula's six districts will provide for staffing each show.

Districting of the UMTA for advertising and other purposes is as follows: No. 1 — Chippewa, Luce, Mackinac counties; No. 2 — Delta, Menominee, Schoolcraft counties; No. 3 — Alger, Marquette counties; No. 4 — Dickinson, Iron counties; No. 5 — Baraga, Houghton, Keweenaw counties; No. 6 — Gogebic, Ontonagon counties.

Upon Graves' recommendation, the Upper Michigan Tourist Association has adopted a code of authority which gives the coordinator at each show supervision over personnel and generally prohibits the sale of souvenirs by persons staffing the UMTA booth.

The all-out effort to advertise the Peninsula at the travel shows last winter is believed to be one of the reasons for the sizeable upturn in tourist business the past summer. Many visitors said they were attracted to the region either by attendance at travel shows themselves or through reading about the U.P. exhibits in newspapers.

Besides the big Upper Peninsula display to be set up in the tourist association booths, from where regional, district and local literature is distributed, the UMTA plans to purchase 100,000 shopping bags for distribution at the travel shows. A map of the Upper Peninsula and tourist slogan will be imprinted on the bags. The outdoor sports, travel and vacation shows, which attract Canadian as well as American exhibitors, will be staged in Detroit, Chicago, Cincinnati, Cleveland, Milwaukee, Chicago, Minneapolis and Indianapolis.

## Kay Christensen Is Honored For Scholarship Work

A senior at Escanaba Area High School has been honored for her performance on the National Merit Scholarship Qualifying Test given last spring. Each student endorsed by his school receives a letter of commendation signed by his principal and the president of the National Merit Scholarship Corp.

Manfred Cerasoli, the school's counselor announces that the commended student is Kay Christensen, daughter of Mr. and Mrs. Arthur Christensen, 1406 2nd Ave. S.

John M. Stalaker, president of the National Merit Scholarship Corp. stated: "About 32,000 students throughout the country are being awarded letters of commendation in recognition of their outstanding performance on the qualifying test. Although they did not reach the status of semifinalists, they are so capable that we wish to call attention in this way to their achievement and academic promise."

"The semifinalists and commended students together constitute about two per cent of all high school seniors. This certainly signifies noteworthy accomplishment by all of these bright youngsters."

The commended students and the semifinalists who do not win Merit Scholarships are considered for certain other scholarships that are offered through the facilities of the National Merit Scholarship Corp.

## Baird E. Myers Dies In Newberry

Baird Ernest (Ben) Myers, 79, died at the home of his daughter, Mrs. Quentin Berry, 203 W. Victory Way, Sunday, following a lingering illness.

He was employed by the Soo Line and DSS&A railways, and at Robbins Flooring Co. At the time of his retirement he was living in Sault Ste. Marie.

He had resided with his daughter since the death of his wife, Mabel, in 1956.

He is survived by two daughters, Mrs. Berry, the former Helen Myers, and Mrs. Karl (Marion) Weiss, Novi, Mich., and two granddaughters.

Services will be held at the Beaulieu Funeral Home, Newberry, at 11 a. m., Wednesday with the Rev. Emmett Coons officiating. Burial will be in Woodlawn Cemetery, Marinette. Friends may call at the funeral home from 3 to 9 p. m., Tuesday.

Sixty per cent of the world's paper is consumed in the U.S., or about 433 pounds annually for each man, woman and child.

## Atty. Erickson To Address Delta Historical Society

The Delta County Historical Society will meet at 7:30 p. m. Wednesday in the Chamber of Commerce building, with Atty. John G. Erickson the speaker.

Atty. Erickson will discuss the development of law and order in Delta County, beginning with the organization of the county more than 100 years ago. Among the early acts of the Board of Supervisors was the construction of a county jail in Escanaba—the first public building in the county.

George Embs, president of the Historical Society, will conduct the meeting at which reports will be made by Dave Coon, director of the Delta County Historical Museum, and on finances by John J. Mitchell, director.

Coffee will be served and a social hour will follow the program.

## Auto Dealers School Planned

DETROIT (AP) — An automotive industry committee said Monday it is setting up what is believed to be the first two-year college program to train future auto dealers and salesmen.

The course will be inaugurated next Fall on the Midland campus of Northwood Institute, a two year coeducational college.

Dean L. Sellers, a Detroit auto dealer and chairman of the dealer-industry committee, said he expected about 50 students would be accepted for the course in its first year. Northwood-Midland campus has an enrollment of 354 students this year.

The basic cost of tuition, board and room at Midland campus runs about \$1,700 a year. Sellers said at present there were no plans for scholarships or other subsidies for the automotive students.

## Calvary Lutheran Churchmen Plan Special Events

Calvary Lutheran Churchmen of Rapid River have scheduled two special events.

On Thursday, Oct. 17 at 8 o'clock in the Parish Hall they will sponsor "Ladies Night" at their Churchmen's meeting. The special program planned will include a panel of pastor's and lay people who will discuss questions of interest concerning the Christian faith.

Members of the panel will include Pastor Erland Carlson, Escanaba, and Pastor George Olson, Keith Towns, Gene Herbert and several youth. All of the congregation is invited. Lunch will be served following the program.

On Sunday, Oct. 20, Calvary will observe Churchmen's Sunday. Men of the church will conduct the morning worship service. Richard Hansen, parish activities director at Bethany, Escanaba will bring the message.

## Powers PTA Meets Thursday

POWERS-SPALDING—First meeting of Powers - Spalding P. T. A. will be held Thursday, Oct. 17, at 8 p. m. at the school. Parents may confer with teachers beginning at 7. Last year's theme, "Know Your School", will be continued this year. Seventh and eighth grade teachers will evaluate the work being done in junior high school. Refreshments will be served during the social hour.

# Soil District Adds Emphasis On Recreation

The Delta County Soil Conservation District's work plan, in use since its creation in 1950, has been updated to include interests outside of farming, notably recreational usage of the land.

The updating was formalized at the recent Land and People Conference at Duluth where Agriculture Secretary Orville Freeman signed the new memorandum of understanding under which the Delta District will work. It is an agreement between the District and the U. S. Department of Agriculture.

The District's original agreement was farm land oriented and covered erosion control, drainage work, tree planting, pasture renovation, woodland management, cover crops, etc. Chief concern was with farm lands.

The Delta District has about 400 cooperators (landowners) embracing 68,000 of the county's 744,000 acres.

More than half of the cooperators' farmlands have been planned for soil and water usage by the District's soil conservationist of the U. S. Soil Conservation Service, Irwin Ten Haken. About 30 farms are planned for good soil and water usage each year and some of the old plans are revised.

The new agreement with the Agriculture Department will accent new activities by the District including soil and water conservation stressing recreational uses of these resources, watershed protection for fishing, game cover and other recreational usage, rural areas development, research.

The new purpose of the District is stated as primarily "to assist people in using and managing land for maximum profitable production on a sustainable basis. It is imperative that all people realize soil conservation is everyone's concern. This is becoming more evident with the spreading out of small communities and cities. Water conservation, pollution control, and erosion on new building

sites are a few of the problems encountered in the spread.

"The recreational boom brings many of the same problems. More hunting camps are appearing on the cutover forties and many new cottages are being built on lake frontage and streams. Effective soil and water conservation practices are available for use on agricultural land and recreational land.

"The District will assist landowners and operators in planning, applying and maintaining these practices."

## The Buyers Testify

National Newspaper Week, Oct. 13-19, brings many testimonials of the effectiveness of newspapers as a medium for advertising, but none more meaningful than the testimony of persons who use it in large volume.

Leading newspaper advertisers have given testimonials in the past to the effectiveness of this medium, says Editor & Publisher, the newspaper trade magazine, but never before have executives of three of the largest newspaper advertisers — an automobile manufacturer, a department store and a grocery chain — made forceful statements almost simultaneously about the importance and usefulness of newspaper advertising.

On Monday, David L. Yunich, president of Macy's New York, probably the largest department store advertiser in the country, told executives of Gannett Newspapers in Saratoga Springs, N. Y.

"Retailers must invite people — they must attract people to their stores. The most powerful way of doing this for any store in through good and effective advertising in strong, interesting and widely-read newspapers . . .

"The newspaper strike proved conclusively that newspaper space is one of the most valuable franchises a store owns. The newspaper is the backbone of the retail advertising structure."

On Tuesday, Orville W. Johler, vice-president in charge of advertising for the Independent Grocers' Alliance which operates 5,000 stores, said to a meeting of his executives in Boston:

"Nothing excels newspapers when it comes to selling merchandise or building a substantial image for the company who sells it." He said IGA stores buy more retail newspaper food advertising than any other organization in the world, and added: "No other media that I know of can give you the cooperation of the dual job of selling merchandise and building a solid image of your stores that comes anywhere near the newspapers in the towns you serve."

Also on Tuesday, Carl Uren, assistant advertising director of Chevrolet, which is one of the largest national advertisers in newspapers, told the AANR-E&P Awards luncheon group in New York:

"We regard the newspaper as the most local, retail and urgent of the media we use. Consequently, we feel that it is most effective in reaching the prospect at that point in his buying cycle when he is about ready to trade for a new car . . .

"We feel, too, that newspapers — while primarily directed at the new-car buyer in general — also give us some of the advantages of more specialized media, such as direct mail. Because newspaper readership is nearly universal, we know that at the same time we are reaching that mass audience, we are reaching the single, most likely group of prospects we have — present and satisfied Chevrolet owners . . .

"Newspapers . . . outdoor . . . radio and television . . . magazines . . . trade and business publications . . . direct mail . . . each is employed for a specific purpose and assigned a specific job to do as part of the over-all Chevrolet advertising program. But we feel that newspapers are the core of that program, and because of the very flexible way in which they can be coordinated with sales."

These three men are not taking the word of someone else about newspaper advertising. Each represents a company that has spent many millions of dollars in newspapers annually for years.

## The Doctor Says:

### Chronic Anemia Calls For Study

By Dr. Wayne G. Brandstadt, M.D.

Q—Is there such a thing as chronic anemia? What are the symptoms? What causes it and is there any way to control it?

A—There are several kinds of chronic anemia as distinguished from the acute form that occurs due to a hemorrhage. Chronic anemia may be due to a deficiency of iron, vitamin B-12 or other essential elements. The onset is gradual and the symptoms may consist of weakness, sore tongue, numbness or tingling of the fingers and pallor of the skin and mucous membranes.

Because there are several forms, you should have a careful study including microscopic examination of your red blood cells. Your doctor can then prescribe medicines you need to control the condition.

Although persons with leukemia usually develop some degree of anemia, anemia is never given as the diagnosis in

such persons. Leukemia is a malignant disease of the blood believed to be a form of cancer and is characterized by an overabundance of white blood cells. Anemia is not a form of cancer and is characterized by a deficiency of red blood cells and hemoglobin (the red coloring matter in these cells). Persons with anemia frequently have a low white cell count, also.

Q—I am troubled with hoarseness due to mucus on my vocal cords. As I do a lot of singing this is a great handicap. Can anything be done to relieve this?

A—You should be examined by a throat specialist to rule out cancer of the larynx. This is fairly common and is not easily detected by your family doctor. If no cancer is present, one of the best remedies is the inhalation of steam with or without tincture of benzoin in the water. In order to be successful, you should have the steam kettle or generator on the floor and sit over it with your head draped with a bathrobe or sheet, thus forming a steam tent. If you do this for 15 or 20 minutes two or three times a day you should be able to sing like a canary.

Q—My doctor says I have valvular heart disease and take digitalis. What is this medicine supposed to do and how long must I take it?

A—As a result of rheumatic fever or some other infection, you have a scarring of a heart valve. This causes some leakage or back flow with each heart beat. Digitalis has a specific action on the heart causing it to contract more slowly and more forcefully. This helps to compensate for the leakage.

Although your doctor may want to adjust the dosage from time to time, you will have to take digitalis or some closely related drug indefinitely, unless it is decided that you are a fit candidate for surgical repair of the scarred valve.

WASHINGTON—(N E A)—Democratic National Committee Chairman John Bailey told Pennsylvania Democrats he didn't care whether the 1964 Republican slogan would be "Back up with Barry, Rotate with Rocky, Retool with Romney or Scramble with Scranton."

Someone asked him "Why not include 'Drop out with Dick'?"

Answered Bailey innocently, "Dick who?"

It didn't take critics long to latch on to First Lady Jacqueline Kennedy's new "down swept" hairdo. This one is her own hair—not a wig—so it's not "managed news." But the new style is given political significance.

Rep. William Harrison, R-Wyo., announced his decision to oppose the public accommodations section of the President's civil right bill because it would apply to dude ranches in Wyoming—one of the state's primary sources of income. Congressional opponents promptly coined the phrase, "Mrs. Murphy's Dude Ranch."

Pentagon GIs have discovered a new way to make more money. They've found that if they turn in a good suggestion, they get \$5 or \$10 through the Pentagon's incentive award program. But if a civilian turns in a good idea, he gets \$25 or \$35 or \$50.

Some enterprising enlisted men, therefore, turn their good ideas over to willing civilians who then submit them as their own suggestions. When the awards come, they split the money and everyone comes out ahead.

The secretary noted that the start of the ceremony had been pushed up from 2:30 p. m. to 2:00, so that Census Bureau employees "Who, I understand, were ordered to turn off their radios while I was in the building," could still catch the start of the World Series game.

## GLADSTONE

CITY MANAGER Henry J. Henrikson is shown briefing members of the Senior Civics class at Gladstone High School, who acted as the city commission at the commission meeting Monday night. From left: Judy Stenac, Lauren Bergman, Sue Phillips (mayor) Gary Kalishek, Peter Blair, Jim Berg (city manager) and Henrikson. Jim Hirn is instructor of the class.

## Students Act As City Commission; Work On Agenda

Climaxing a day of bustling activity, members of the Gladstone High School Civics class took over operation of the Gladstone City Commission last evening as part of the annual student government Day.

Prior to the meeting members of the City Commission took the students to dinner at Katy's Dinette.

The first portion of the regular commission meeting was taken over by the students, who took action on all items scheduled for hearing. When completed, the regular City Commission reviewed the actions taken by the students and either concurred with them or took dispositions of their own.

### Okay Purchase

Members of the student commission adopted a motion that the city adhere to previous policies with regard to the public hearing on special assessment for blacktopping Montana Ave. from 16th St. to 18th St. They felt a one-year grace period should be given for payment, interest free, but that after that period a five per cent interest rate should be charged.

Because of some discrepancy in referring to previous policies, the regular commission tabled the assessment issue until the next regular meeting. At that time the date the assessment will go on the tax rolls, length of the grace period and interest rate will be announced.

The City Commission agreed with the action of the student commission on authorizing City Manager H. J. Henrikson to advertise for bids on new fire hose. Bids on 200 feet of 2½ inch hose and 400 feet of 1½ inch hose are to be submitted by the Nov. 11 meeting of the commission.

### Delay Hospitalization

Both the regular and student commission approved a motion that the three members of the City Planning Commission, whose terms have expired, be reappointed. It was pointed out

that the appointments are actually made by the Mayor, but finalized by a vote of the commission.

The three members are Fred Schram, William Norris and Robert Snyder. The regular commission also approved a motion that the three men be sent communications commending them for their work done in the past.

The fourth item on the agenda, consideration of hospitalization insurance, created lengthy discussions by both the student and regular commissions. As the result of this, both groups felt the issue should be tabled until the agencies offering the service could be contacted and bids submitted.

### Young Objects

George Young objected to the action taken by the commission stating that it was his understanding that the city employees are not dissatisfied with the present hospitalization plan, but that the city commission felt they could get a similar plan from some other firm at a lesser cost.

Both commissions also approved payment of \$500 to the Northern Michigan Engineers for a portion of their work on the harbor project. Henrikson pointed out that after this payment the balance still due the engineers is \$276.

The regular and student commission also both approved sending firemen Peter Dement and Duane Bovin to attend the fire school at Marquette on Oct. 24-25, and also authorized the city manager to attend the Manager's meeting at Ishpeming on Oct. 18.

They also both approved a motion that the city manager's expenses for the day be paid. Previously the manager had to pay his own expenses to attend the meet.

## Escanaban To Face Charge Of Drunk Driving

Chester R. Johnson, 61, of 1430 Sheridan Road, was lodged in the county jail about 2:40 p. m. Monday following his arrest by State Police on a charge of driving while under the influence of alcohol.

According to officers, a patrol car met Johnson's vehicle about 2:20 p. m. in Escanaba on U. S. 2-41, and as Johnson neared the police car he drove up over a curbing and continued to run along it. The officer stopped Johnson and found him to be intoxicated.

He is scheduled to be arraigned before Municipal Judge James Fitzharris today.

Additional Gladstone will be found on page 7.

## Girl Scouting Is Reorganized

A reorganizational meeting of the Gladstone senior Girl Scout troop will be held at 4 p. m. Wednesday in Mr. Keil's room at the high school, it is announced by Mrs. Clarin Fredrickson, troop leader.

Since the Girl Scouting program change was launched Sept. 9, North Delta Girl Scout Neighborhood has been reorganizing troops to meet requirements of the new program levels.

Senior Girl Scout troops include girls from 10th, 11th and 12th grades, and the new program has been developed to meet the needs of girls of today in preparing them to be better women of tomorrow.

Colorful new handbooks for senior Scouts are now available to provide an interesting and stimulating guide to good troop management and activities.

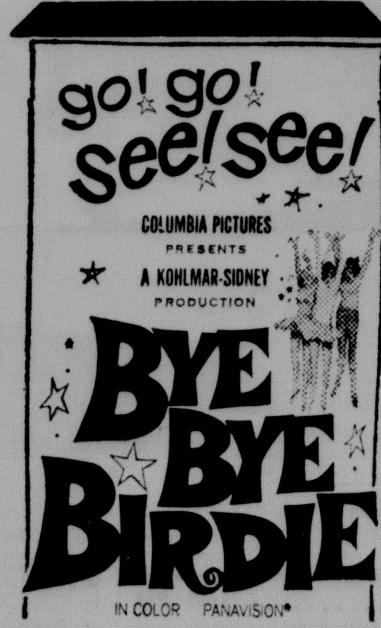

All Gladstone girls in the 10th through 12th grades, whether they have been Scouts previously or not, are invited to attend this meeting.

## The Buyers Testify

National Newspaper Week, Oct. 13-19, brings many testimonials of the effectiveness of newspapers as a medium for advertising, but none more meaningful than the testimony of persons who use it in large volume.

Leading newspaper advertisers have given testimonials in the past to the effectiveness of this medium, says Editor & Publisher, the newspaper trade magazine, but never before have executives of three of the largest newspapers advertisers — an automobile manufacturer, a department store and a grocery chain — made forceful statement almost simultaneously about the importance and usefulness of newspaper advertising.

On Monday, David L. Yunich, president of Macy's New York, probably the largest department store advertiser in the country, told executives of Gannett Newspapers in Saratoga Springs, N. Y.

"Retailers must invite people — they must attract people to their stores. The most powerful way of doing this for any store in through good and effective advertising in strong, interesting and widely-read newspapers . . .

"The newspaper strike proved conclusively that newspaper space is one of the most valuable franchises a store owns. The newspaper is the backbone of the retail advertising structure."

On Tuesday, Orville W. Johler, vice-president in charge of advertising for the Independent Grocers' Alliance which operates 5,000 stores, said to a meeting of his executives in Boston:

"Nothing excels newspapers when it comes to selling merchandise or building a substantial image for the company who sells it." He said IGA stores buy more retail newspaper food advertising than any other organization in the world, and added: "No other media that I know of can give you the cooperation of the dual job of selling merchandise and building a solid image of your stores that comes anywhere near the newspapers in the towns you serve."

Also on Tuesday, Carl Uren, assistant advertising director of Chevrolet, which is one of the largest national advertisers in newspapers, told the AANR-E&P Awards luncheon group in New York:

"We regard the newspaper as the most local, retail and urgent of the media we use. Consequently, we feel that it is most effective in reaching the prospect at that point in his buying cycle when he is about ready to trade for a new car . . .

"We feel, too, that newspapers — while primarily directed at the new-car buyer in general — also give us some of the advantages of more specialized media, such as direct mail. Because newspaper readership is nearly universal, we know that at the same time we are reaching that mass audience, we are reaching the single, most likely group of prospects we have — present and satisfied Chevrolet owners . . .

"Newspapers . . . outdoor . . . radio and television . . . magazines . . . trade and business publications . . . direct mail . . . each is employed for a specific purpose and assigned a specific job to do as part of the over-all Chevrolet advertising program. But we feel that newspapers are the core of that program, and because of the very flexible way in which they can be coordinated with sales."

## Jefferson PTA Has Business, Program Session

The Jefferson PTA held an interesting and informative meeting Monday evening at the school.

The meeting was called to order by Mrs. Alan Sanville, president. Plans were presented by Mrs. Paul Larson, Hal-loween chairman. The Carnival will be held Oct. 31, from 7-9 p.m.

Mrs. Herbert Ladin, Mrs. Marvin Mylander, and Mrs. Donald Trowbridge volunteered to serve on the nominating committee.

After the business meeting an informative talk was given by Mrs. Carl Erickson on the topic "Obscene Literature." "Check your child's reading material and check periodically the stores that sell magazines. Children today are taught to grow up too fast from all forms of advertising. Let your child be natural," she said. A movie on this subject will be shown at the Junior High Nov. 3, at 7:30 p.m.

Refreshments were served by the fifth grade with Mrs. Lyle Bell in charge assisted by Mrs. Ted Ellis and Mrs. John Giroux.

Room count was awarded to the morning kindergarten class taught by Mrs. Herbert Ladin.

## Deanery Workshop Is Held At Noa Home

More than 160 women attended the Escanaba Deanery Workshop of the Marquette Diocesan Council of Catholic Women held Sunday afternoon at the Bishop Noa Home for Senior Citizens in observance of Catholic Action Week.

The meeting was opened with a prayer to the Holy Spirit for the success of the Ecumenical Council by the Rt. Rev. Msgr. Joseph Dunleavy, Diocesan moderator and pastor of St. George Church, Bark River. Mrs. Donald LeMire, Escanaba Deanery president, welcomed the assembly and then introduced Msgr. Dunleavy who delivered the keynote address.

In the development of his topic, "The Ecumenical Approach in Diocesan Council Work," Msgr. Dunleavy said, "Our work should include all who consider and believe in Christ. There should be kindness between people of all colors. In furthering the work of our council we should use the means of each committee, Catholic Truth, Cause of Bishop Baraga, Cooperating with Confraternity, Libraries and Literature, Spiritual Development, Organization and Development and Public Relations." He then enlarged on the ways in which this work could be done.

**Parish Groups**  
Thirteen of the 15 parish units in the deanery were represented: Saints Joseph, Patrick, Anne, Thomas, Escanaba; Holy Family, Flat Rock; Sacred Heart, Schaffer; St. George, Bark River; All Saints, Gladstone; St. Anthony, Wells; St. Joseph, Perkins; St. Rita, Tremont; St. Francis de Sales, Manistique and St. Andrews, Nahma.

Before dismissal into com-

mittee sessions, Mrs. LeMire introduced the priest moderators and committee chairmen: Catholic Truth, Rev. Donald W. Shiroda, Mrs. Henry King; Cause of Bishop Baraga, Rev. Thomas M. Andary, Mrs. Harold Bruce, with a paper on Bishop Baraga prepared by Mrs. J. J. Herbert of Manistique and a poem written by a Chippewa Indian, "White Cloud," read by Mrs. John Matthews of Manistique; Libraries and Literature, Rev. Farrell Beyers, O. F. M., Mrs. Stack Smith; Spiritual Development, Rev. William Richards, Mrs. Alfred LaBranche; Organization and Development-Public Relations, Rev. Thomas Coleman, Mrs. Donald LeMire, Mrs. I. R. Nelson.

### Tea at Home

Following the discussion sessions the committee groups reconvened into general session and sectional discussions were summarized by the priest moderators.

A tour of the Home and a tea followed with Mrs. Carl Westerberg of St. Anne's, Escanaba and Mrs. James Anderson, St. George, Bark River, presiding at the attractive table centered with an arrangement of autumn flowers and tapers. Mrs. John Sankovitch, St. Anne, Escanaba, and Mrs. Joseph Grzybowski, Jr., St. George, Bark River, were chairmen and were assisted by members of their respective groups. Benediction of the Blessed Sacrament was held at 4:30 at St. Joseph Church with Father Beyers officiating.

## Gloria Jean Viau, Gerald Butryn Wed

Fall flowers decorated the altar of Sacred Heart Church, Schaffer, for the wedding Saturday of Gloria Jean Viau and Gerald J. Butryn. Parents of the couple are Mr. and Mrs. Louis Viau, Escanaba Rte. 1, and Mr. and Mrs. Joseph Butryn, Bark River Rte. 2.

The Rev. John N. Arnett performed the 10 a. m. double ring ceremony and celebrated the Nuptial High Mass, with altar servers, Joey LaFleur and Dennis Gauthier. The church choir sang the music of the Mass and "On This Day" as the bride placed a bouquet on the altar of the Blessed Virgin.

Escorted by her father, who gave her in marriage, the bride wore a floor length gown of white peau taffeta. The fitted bodice was fashioned with a scoop neckline and long tapered sleeves. Alencon lace appliques reembodyered with sequins and pearls trimmed the neckline and front of the gown. The empire train was fashioned into a back bustle after the ceremony. Her veil of imported English illusion was attached to a crown of pearlized orange blossoms, highlighted with crystals. She wore tiny pearls and earrings, gift of the bridegroom, and she carried a cascade of yellow roses and white carnations.

### Aides' Gowns

Corrine LaMarche, honor maid, was attired in a gold ballerina length gown of peau,

with apron front skirt and back bow. The fitted bodice featured a scoop neckline and short sleeves. Bridesmaids, Julie Butryn, the bridegroom's cousin, and Joanne DeMarse, wore identical dresses of turquoise. Their headpieces were matching shades of fall flowers. Cascades of fall flowers. Their pendants of crystal and pearls and pearl button earrings were the bride's gift.

Coulette Stebbins, a cousin of the bridegroom, had the role of flower girl. Her frock was aqua nylon with a white overskirt. She wore a headband of flowers and carried a miniature bridal bouquet. Ring bearer was Ricky Courier, a cousin of the bride.

Gary Butryn was best man for his cousin and the groomsmen were Kenneth Viau and Tom Wanic. The guests were seated by Vernon Viau, and Jim Butryn.

A two-piece jacket dress of gold brocade with beige background was the choice of the bride's mother. Mrs. Butryn wore green brocade. Their accessories were matching shades and their corsages rosebuds and carnations.

### Reception And Dance

The reception was held from 4 to 8 at Potvin's Fireside Room and was followed by a dance at Riverland Ballroom.

## Jefferson PTA Has Business, Program Session

The Jefferson PTA held an interesting and informative meeting Monday evening at the school.

The meeting was called to order by Mrs. Alan Sanville, president. Plans were presented by Mrs. Paul Larson, Halloween chairman. The Carnival will be held Oct. 31, from 7-9 p.m.

Mrs. Herbert Ladin, Mrs. Marvin Mylander, and Mrs. Donald Trowbridge volunteered to serve on the nominating committee.

After the business meeting an informative talk was given by Mrs. Carl Erickson on the topic "Obscene Literature." "Check your child's reading material and check periodically the stores that sell magazines. Children today are taught to grow up too fast from all forms of advertising. Let your child be natural," she said. A movie on this subject will be shown at the Junior High Nov. 3, at 7:30 p.m.

Refreshments were served by the fifth grade with Mrs. Lyle Bell in charge assisted by Mrs. Ted Ellis and Mrs. John Giroux.

Room count was awarded to the morning kindergarten class taught by Mrs. Herbert Ladin.

Ann Landers

Wife's Name First

Dear Ann Landers: My husband and I believe in planning ahead. We are now arguing about Christmas cards.

All the years we have been married we've had our cards printed with my name appearing first. Example: "Greetings from Dorothy and Dick." My husband says it's time I gave him top-billing for a change and have the cards read, "Greetings from Dick and Dorothy."

I was under the impression that the woman's name is supposed to appear first as a matter of etiquette. Dick says I am wrong about this and it's just a matter of which way you want to do it. Will you please settle the argument in a hurry? — TIED OF FIGHTING

Dear Tied: I do hope these words reach you in time. There are only 84 days left until Christmas.

On printed cards the woman's name should appear first. Since your husband would like his name to appear first for a change (big deal) you could please him by hand-signing the cards. It is correct for the person who signs for himself and another person to place the other person's name first.

Dear Ann Landers: A certain woman who works in this office hates me because I have a terrific figure and I eat anything I want while she starves her self to death and looks like a Mac truck.

This woman is always trying to put me in hot water with the office manager. If I am five minutes late in the morning she reports me. If I overstay my coffee break three minutes she reports me. Last night I left ten minutes early because the weather was threatening and I had a chance to ride home with a friend. I received a needle about it the first thing this morning.

My work is top-notch and I'm twice as fast and three times as efficient as any girl in this office. I'm not pinning any medals on myself, Ann, but I just happen to be an excellent typist. How should I deal with the trouble-maker? — VICTIM OF JEALOUSY

Dear Victim: If you are twice as fast and three times as efficient as any girl in the office two minutes here and five minutes there will not put you in hot water.

Defang the informer by reporting to the office manager any of your irregularities before she gets the chance.

Dear Ann Landers: I'm a 16-year-old girl who is being pestered to death by a creep who won't give up. To make matters worse my mother thinks this boy is great.

Last week when he called I was not at home. He asked my mother if I had a date for Friday night. She suggested he call me back the next day. I've told her a dozen times not to give him any encouragement. She should have told the pest that I did have a date for Friday. The next day when he called I had to accept because mom had put me on the spot.

I don't enjoy this boy's company. He is so sweet and attentive he makes me sick. He embarrasses me by bringing gifts. I want to get rid of him for keeps but I don't know how. Help! Please! — PIXIE FACE

Dear Face: Girls who write and ask how to get rid of a fellow don't really want to.

It's flattering to be sought after (even by a creep) so you give him that "go away closer" routine. A girl who wants to be left alone does not accept gifts from a boy nor does she go out with him and blame her mother. "NO" is one of the shortest and most effective words in the English language. You ought to try it some time, Babe.

Ann Landers

Wife's Name First

Dear Ann Landers: My husband and I believe in planning ahead. We are now arguing about Christmas cards.

All the years we have been married we've had our cards printed with my name appearing first. Example: "Greetings from Dorothy and Dick." My husband says it's time I gave him top-billing for a change and have the cards read, "Greetings from Dick and Dorothy."

I was under the impression that the woman's name is supposed to appear first as a matter of etiquette. Dick says I am wrong about this and it's just a matter of which way you want to do it. Will you please settle the argument in a hurry? — TIED OF FIGHTING

Dear Tied: I do hope these words reach you in time. There are only 84 days left until Christmas.

On printed cards the woman's name should appear first. Since your husband would like his name to appear first for a change (big deal) you could please him by hand-signing the cards. It is correct for the person who signs for himself and another person to place the other person's name first.

Dear Ann Landers: A certain woman who works in this office hates me because I have a terrific figure and I eat anything I want while she starves her self to death and looks like a Mac truck.

This woman is always trying to put me in hot water with the office manager. If I am five minutes late in the morning she reports me. If I overstay my coffee break three minutes she reports me. Last night I left ten minutes early because the wea-

ther was threatening and I had a chance to ride home with a friend. I received a needle about it the first thing this morning.

My work is top-notch and I'm twice as fast and three times as efficient as any girl in this office. I'm not pinning any medals on myself, Ann, but I just happen to be an excellent typist. How should I deal with the trouble-maker? — VICTIM OF JEALOUSY

Dear Victim: If you are twice as fast and three times as efficient as any girl in the office two minutes here and five minutes there will not put you in hot water.

Defang the offender by reporting to the office manager any of your irregularities before she gets the chance.

Dear Ann Landers: I'm a 16-year-old girl who is being pestered to death by a creep who won't give up. To make matters worse my mother thinks this boy is great.

Last week when he called I was not at home. He asked my mother if I had a date for Friday night. She suggested he call me back the next day. I've told her a dozen times not to give him any encouragement. She should have told the pest that I had a date for Friday.

The next day when he called I had to accept because mom had put me on the spot. I don't enjoy this boy's company. He is so sweet and attentive he makes me sick. He embarrasses me by bringing gifts. I want to get rid of him for keeps but I don't know how. Help! Please! — PIXIE FACE

Dear Pixie: Girls who write and ask how to get rid of a fellow don't really want to.

It's flattering to be sought after (even by a creep) so you give him that "go away closer" routine. A girl who wants to be left alone does not accept gifts from a boy nor does she go out with him and blame her mother. "NO" is one of the shortest and most effective words in the English language. You ought to try it some time, Babe.

To learn the booby-traps of teenage drinking, write for ANN LANDERS' booklet, "Teenage Drinking," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

## Officers Named By Land Bank

The annual stockholders' meeting of the Federal Land Bank Association of Escanaba held at the Sherman Hotel Oct. 9 re-elected Clifford Olson of Bark River a director for a three-year term. Other directors are: Walter Anderson, Carney; Fred Pershinske, Engadine; Charles Arrowood, Manistique; and Albert B. Whybrew, Rapid River.

The association's annual report presented by Manager Albert Kinnon, indicated that the association business was improving and that it was in a good financial position.

At a meeting of the directors following the stockholders' meeting, the board of directors was reorganized and the following officers were elected: Walter Anderson, Carney, president; Fred Pershinske, Engadine, vice-president; Albert Kinnon, manager.

The Federal Land Bank Association of Escanaba makes and services Federal Land Bank long-term loans in Delta, Menominee, Alger, Dickinson, Marquette, Schoolcraft and parts of Mackinac County. It operates under a group office arrangement with the Federal Land Bank Association of Houghton and the Federal Land Bank Association of Sault Ste. Marie, with the group office for all the associations located in Escanaba.

## Hiccups Stop After 3 Months

ATLANTA (AP) — Just as mysteriously as it started, a three-month plague of hiccups ended for Mrs. Lucy McDonald.

When the 38-year-old mother of three arrived home over the weekend from a month's stay in a hospital, the spasms stopped without any apparent reason.

She sped back to the hospital, but doctors couldn't tell her what halted the hiccups or what started them.

Mrs. McDonald, a soda fountain waitress, had tried almost everything—surgery, countless home remedies and prayer.

## No Decision On British Premier

LONDON (AP)—The British Cabinet met for two hours today but announced no decision about a successor to ailing Prime Minister Harold Macmillan.

Informed sources said the ministers had finished their immediate business and were unlikely to meet again before Thursday.

With acting Prime Minister Richard A. Butler presiding, the Cabinet met at 10 Downing Street, still divided over the issue of leadership which also has torn their ruling Conservative party.

There was no indication any decision was reached this morning.

About half the Cabinet ministers were believed to favor Butler, with the rest split between Lord Home, the foreign secretary, and Lord Hailsham, the minister of science.

## VanDamme Wins Title Of Potato King For U. P.

MARQUETTE — Paul Van Damme, the perennial champion of Marquette County (and the Upper Peninsula) potato growers, once again reigns as spud king for the county.

VanDamme won this year's contest by harvesting a crop of potatoes at 701 bushels per acre. Announcement of the award was made at Marquette County Harvest Festival, being held in the National Guard Armory here.

The 701 figure is far below VanDamme's record of 1,038 bushels (in 1951), but this year's county potato crop had to be harvested earlier because of the killing frost which sapped growth 10 days to two weeks before the growing season normally ends.

At the same time, VanDamme's son, Mike, swept the 4-H Club potato growing honors in the festival. Mike won both the premiere grower's contest and the sweepstakes (best) 32-tuber (potato samples) entry in the 4-H division.

## Miner Killed

CALUMET (AP) — Uno Karina, 52, a miner, was killed Monday by falling rock in the No. 2 shaft of Calumet & Hecla Inc.'s Centennial mine near here.

## Parents Guilty In Baby Death

MENOMINEE — Wilfred Jackson, 41, and his wife, Gladys, 30, of Harris Township were found guilty of manslaughter Monday in the death of their 8-month-old daughter, Jacqueline, last Dec. 11.

The Jacksons told sheriff's officers last December that they had been arguing when Jackson went outside their house on the Hannahville Potawatomi Indian reservation and got into their car.

Mrs. Jackson put the baby on the driveway behind the left rear wheel thinking he would stop, she told officers.

She said she had threatened to do this in previous arguments and he had not left. However, the car rolled over the baby and killed it.

Circuit Judge Ernest W. Brown of Iron Mountain, who found the Jacksons guilty, ordered a presentence investigation. The Jacksons were free on their own recognizance.

Prosecuting Atty. Russell Bradley and court appointed defense atty. Kenneth O. Doyle, stipulated that testimony at the preliminary examination would be admitted as evidence rather than calling witnesses to testify again.

Judge Brown said, "I have read and reread testimony taken at the preliminary examination of these two defendants and I am satisfied beyond a reasonable doubt in their guilt."

Doyle said he would "definitely appeal the decision to the Michigan supreme court."

Doyle had told the court it was not established that a crime had been committed and "evidence is not consistent with the guilt of the defendants but is consistent with a reasonable theory of their innocence."

The Jacksons have two other children, Darryl, 5, and Earline, 2.

## Aged Newberry Pioneer Dies

NEWBERRY — James Henry Cairns, 91, pioneer of the Newberry community, died Sunday at 8 p. m. at the home of his son-in-law and daughter, Sheriff and Mrs. Russell Hild, following a six-week illness.

Mr. Cairns was born in Renfrew, Ontario, Canada, Aug. 27, 1872, and came to the United States in 1887. He was a timber jobber in the Grand Marais and Newberry areas, and in later years was an attendant nurse at Newberry State Hospital. He retired in 1942.

He was a member of the Bobby Burns Club and an honorary member of the Timber Producers Association.

He is survived by the one daughter, Mrs. Hild, who is Escanaba Daily Press editor at Newberry, one grandson, Russell Hild Jr., Ironton, Ohio, seven nieces and 13 nephews.

Friends may call at the Beaulieu Funeral Home from 3 to 9 p. m. today. Funeral services will be held Wednesday at 2 p. m. at the funeral home chapel with the Rev. Fred R. Kolbe of the Presbyterian Church officiating. Burial will be in Forest Home Cemetery.

## Strom Resigns; Sedenquist Is Board Chairman

In a surprise move at the close of the annual budget meeting of the Delta County Board of Supervisors Monday, Wheaton L. Strom, chairman of the board, resigned and turned the gavel over to chairman pro-tem, Charles Sedenquist of Rte. 1, Escanaba, supervisor for Wells Township.

Strom, who was serving his sixth term as chairman of the board, made the announcement in conjunction with a statement to members of the Escanaba City Council serving on the board that he was also resigning as a member of the Escanaba Board of Review. He has served on the Board of Review for the past nine years.

In making his statement to the supervisors he attributed his withdrawal to the fact that his clients needed more of his time. Strom is a prominent Escanaba attorney. "These people have been most patient with me, and I also believe it's time the board had a change. Every moment I have served on this board has been a happy one, but the time has come for a change and I'm pleased to turn the gavel over to the chairman pro-tem, Charles Sedenquist," Strom said.

**May Have Deficit**  
Sedenquist will serve as chairman of the board until the reorganization meeting next spring.

Actions by the board during the Monday session included adoption of the 1964 budget totaling \$662,530.78. The new budget is \$8,813.29 over the 1963 appropriation.

Harold Gustafson, chairman of the Ways & Means Committee, pointed out that the county might well expect an anticipated deficit of about \$10,000 in the 1963 budget. This he attributed to the fact that there are presently overdraws in a number of the departments with still three months of the year left for operation.

The major cuts came in TB care, slashed from \$27,000 to \$10,000; Direct Relief under the Social Welfare Program from \$188,000 to \$162,000; State Institutions from \$30,000 to \$15,000; County Child Care from \$8,000 to \$2,000; and all requests for new equipment for the county offices. An inventory will be taken of all equipment now in use before allowing any new purchases.

**Note Increases**  
While there were major cuts in the new budget, there were also several increases. A figure of \$2,500 has been included for a Delta County brochure, which will be printed and distributed to advertise Delta County.

At the time the appropriation was requested it was on the supposition that Delta County would enter the advertising campaign with two other counties. However, if the plan fails to materialize then the money allocated in the 1964 budget would be used to print the brochure just for our county.

Other increases in the new budget is the Escanaba Branch of the U. P. Child Guidance Clinic from \$1,400 to \$2,500; election from \$2,000 to \$4,000; and \$18,000 placed in the contingency fund as the county's share of a \$280,000 work project at Pinecrest Medicare Facility.

**Award Insurance Bid**  
It was pointed out that each of the three owner counties must share in the costs. Most of the \$140,000 has been appropriated in the 1962-63 budgets and the \$18,000 in each of the annual county budgets completes

the financing for the counties.

In other actions the Board of Supervisors also approved purchase of a portrait of the late Judge Carroll C. Rushton of Marquette at a cost of \$350. The portrait, which was requested by the Delta County Bar Assn., will be paid for with funds from the 1963 budget.

The board also awarded the low bid on Workmen's Compensation Insurance to the Briton W. Hall Insurance Agency. Their bid was for \$1,612.07.

A resolution to the Federal Government on the county's share of the new jail project was also adopted. The resolution made known to the government the county's method of financing their share of the project. A Federal Grant of \$177,000 (half the cost of the project) has already been authorized and the county must raise a similar amount.

Voters of Delta County recently approved a 2-mill tax levy for one year, which is expected to raise \$154,000 of their share. The balance would be made up in architects plans, land acquisition, etc.

Supervisor Frank Stupak noted that there were no allowances in the 1964 budget for salary increases to hired county employees. He said that he felt inasmuch as the cost of living has increased, an increase should be considered. After several attempts to obtain a two per cent increase failed, he finally suggested that the supervisors donate their per diem pay for the day's meeting towards making up the increase. This also failed to pass.

## MANISTIQUE

### Girl Scout Plans Told

The annual Girl Scout financial drive is underway with letters out to industry and homes to be canvassed. The drive period is Oct. 14-25 and is headed by Robert Broulliere, with Mrs. Bruce McKilligan and Mrs. Morris Laux assisting. Money will be turned in at the C-C office in Triangle park.

The local program consists of 143 girls in the Brownie and Scout programs, 20 leaders and assistants and 10 council members. There has been a continuous scouting program in Manistique 43 years.

The Manistique Council owns Day Camp—Camp Hy-Da-Way at Indian Lake and is a fifth owner in an established camp, Timbertrail, at Skeels Lake in Alger County.

During the past season, the men's committee at the day camp, under supervision of Jack Roemer, wired the camp for electricity and with the recent purchase of a used space heater, the camp is in condition to be used year-round.

The 1962 financial report of the Manistique Girl Scout Council shows:

## Officers Named By Land Bank

The annual stockholders' meeting of the Federal Land Bank Association of Escanaba held at the Sherman Hotel Oct. 9 re-elected Clifford Olson of Bark River a director for a three-year term. Other directors are: Walter Anderson, Carney; Fred Pershinske, Engadine; Charles Arrowood, Manistique; and Albert B. Whybrew, Rapid River.

The association's annual report presented by Manager Albert Kinnon, indicated that the association business was improving and that it was in a good financial position.

At a meeting of the directors following the stockholders' meeting, the board of directors was reorganized and the following officers were elected: Walter Anderson, Carney, president; Fred Pershinske, Engadine, vice-president; Albert Kinnon, manager.

## Hiccups Stop After 3 Months

ATLANTA (AP) — Just as mysteriously as it started, a three-month plague of hiccups ended for Mrs. Lucy McDonald. When the 38-year-old mother of three arrived home over the weekend from a month's stay in a hospital, the spasms stopped without any apparent reason.

She sped back to the hospital, but doctors couldn't tell her what halted the hiccups or what started them.

Mrs. McDonald, a soda fountain waitress, had tried almost everything—surgery, countless home remedies and prayer.

## No Decision On British Premier

LONDON (AP)—The British Cabinet met for two hours today but announced no decision about a successor to ailing Prime Minister Harold Macmillan.

Informal sources said the ministers had finished their immediate business and were unlikely to meet again before Thursday.

With acting Prime Minister Richard A. Butler presiding, the Cabinet met at 10 Downing Street, still divided over the issue of leadership which also has torn their ruling Conservative party.

There was no indication any decision was reached this morning.

About half the Cabinet ministers were believed to favor Butler, with the rest split between Lord Home, the foreign secretary, and Lord Hailsham, the minister of science.

The committee planning the reunion of St. Joseph High School class of 1954 is seeking the address of Elaine Therrien. Anyone having the information is asked to call Mrs. Tom Hughson, ST6-4025.

## VanDamme Wins Title Of Potato King For U. P.

MARQUETTE — Paul Van Damme, the perennial champion of Marquette County (and the Upper Peninsula) potato growers, once again reigns as spud king for the county.

VanDamme won this year's contest by harvesting a crop of potatoes at 701 bushels per acre. Announcement of the award was made at Marquette County Harvest Festival, being held in the National Guard Armory here.

The 701 figure is far below VanDamme's record of 1,038 bushels (in 1951), but this year's county potato crop had to be harvested earlier because of the killing frost which sapped growth 10 days to two weeks before the growing season normally ends.

At the same time, VanDamme's son, Mike, swept the 4-H Club potato growing honors in the festival. Mike won both the premiere grower's contest and the sweepstakes (best) 32-tuber (potato samples) entry in the 4-H division.

## Miner Killed

CALUMET (AP) — Uno Karina, 52, a miner, was killed Monday by falling rock in the No. 2 shaft of Calumet & Hecla Inc.'s Centennial mine near here.

## Parents Guilty In Baby Death

MEMONINEE — Wilfred Jackson, 41, and his wife, Gladys, 30, of Harris Township were found guilty of manslaughter Monday in the death of their 8-month-old daughter, Jacqueline, last Dec. 11.

The Jacksons told sheriff's officers last December that they had been arguing when Jackson went outside their house on the Hannahville Potawatomi Indian reservation and got into their car.

Mrs. Jackson put the baby on the driveway behind the left rear wheel thinking he would stop, she told officers.

She said she had threatened to do this in previous arguments and he had not left. However, the car rolled over the baby and killed it.

Circuit Judge Ernest W. Brown of Iron Mountain, who found the Jacksons guilty, ordered a presentence investigation. The Jacksons were free on their own recognizance.

Prosecuting Atty. Russell Bradley and court appointed defense atty. Kenneth O. Doyle, stipulated that testimony at the preliminary examination would be admitted as evidence rather than calling witnesses to testify again.

Judge Brown said, "I have read and reread testimony taken at the preliminary examination of these two defendants and I am satisfied beyond a reasonable doubt in their guilt."

Doyle said he would "definitely appeal the decision to the Michigan supreme court."

Doyle told the court it was not established that a crime had been committed and "evidence is not consistent with the guilt of the defendants but is consistent with a reasonable theory of their innocence."

The Jacksons have two other children, Darryl, 5, and Earline, 2.

## Aged Newberry Pioneer Dies

NEWBERRY — James Henry Cairns, 91, pioneer of the Newberry community, died Sunday at 8 p. m. at the home of his son-in-law and daughter, Sheriff and Mrs. Russell Hild, following a six-week illness.

Mr. Cairns was born in Renfrew, Ontario, Canada, Aug. 27, 1872, and came to the United States in 1887. He was a timber jobber in the Grand Marais and Newberry areas, and in later years was an attendant nurse at Newberry State Hospital. He retired in 1942.

He was a member of the Bobby Burns Club and an honorary member of the Timber Producers Association.

He is survived by the one daughter, Mrs. Hild, who is Escanaba Daily Press editor at Newberry, one grandson, Russell Hild Jr., Ironton, Ohio, seven nieces and 13 nephews.

Friends may call at the Beaulieu Funeral Home from 3 to 9 p. m. today. Funeral services will be held Wednesday at 2 p. m. at the funeral home chapel with the Rev. Fred R. Kolbe of the Presbyterian Church officiating. Burial will be in Forest Home Cemetery.

## Strom Resigns; Sedenquist Is Board Chairman

In a surprise move at the close of the annual budget meeting of the Delta County Board of Supervisors Monday, Wheaton L. Strom, chairman of the board, resigned and turned the gavel over to chairman pro-tem, Charles Sedenquist of Rte. 1, Escanaba, supervisor for Wells Township.

Strom, who was serving his sixth term as chairman of the board, made the announcement in conjunction with a statement to members of the Escanaba City Council serving on the board that he was also resigning as a member of the Escanaba Board of Review. He has served on the Board of Review for the past nine years.

In making his statement to the supervisors he attributed his withdrawal to the fact that his clients needed more of his time. Strom is a prominent Escanaba attorney. "These people have been most patient with me, and I also believe it's time the board had a change. Every moment I have served on this board has been a happy one, but the time has come for a change and I'm pleased to turn the gavel over to the chairman pro-tem, Charles Sedenquist," Strom said.

**May Have Deficit**  
Sedenquist will serve as chairman of the board until the reorganization meeting next spring.

Actions by the board during the Monday session included adoption of the 1964 budget totaling \$662,530.78. The new budget is \$8,813.29 over the 1963 appropriation.

Harold Gustafson, chairman of the Ways & Means Committee, pointed out that the county might well expect an anticipated deficit of about \$10,000 in the 1963 budget. This he attributed to the fact that there are presently overdraws in a number of the departments with still three months of the year left for operation.

The major cuts came in TB care, slashed from \$27,000 to \$10,000; Direct Relief under the Social Welfare Program from \$188,000 to \$162,000; State Institutions from \$30,000 to \$15,000; County Child Care from \$8,000 to \$2,000; and all requests for new equipment for the county offices. An inventory will be taken of all equipment now in use before allowing any new purchases.

**Note Increases**  
While there were major cuts in the new budget, there were also several increases. A figure of \$2,500 has been included for a Delta County brochure, which will be printed and distributed to advertise Delta County.

At the time the appropriation was requested it was on the supposition that Delta County would enter the advertising campaign with two other counties. However, if the plan fails to materialize then the money allocated in the 1964 budget would be used to print the brochure just for our county.

Other increases in the new budget is the Escanaba Branch of the U. P. Child Guidance Clinic from \$1,400 to \$2,500; election from \$2,000 to \$4,000; and \$18,000 placed in the contingency fund as the county's share of a \$280,000 work project at Pinecrest Medicare Facility.

**Award Insurance Bid**  
It was pointed out that each of the three owner counties must share in the costs. Most of the \$140,000 has been appropriated in the 1962-63 budgets and the \$18,000 in each of the annual county budgets completes.

the financing for the counties.

In other actions the Board of Supervisors also approved purchase of a portrait of the late Judge Carroll C. Rushton of Marquette at a cost of \$350. The portrait, which was requested by the Delta County Bar Assn., will be paid for with funds from the 1963 budget.

The Board also awarded the low bid on Workmen's Compensation Insurance to the Briton W. Hall Insurance Agency. Their bid was for \$1,612.07.

A resolution to the Federal Government on the county's share of the new jail project was also adopted. The resolution made known to the government the county's method of financing their share of the project. A Federal Grant of \$177,000 (half the cost of the project) has already been authorized and the county must raise a similar amount.

Voters of Delta County recently approved a 2-mill tax levy for one year, which is expected to raise \$154,000 of their share. The balance would be made up in architects plans, land acquisition, etc.

Supervisor Frank Stupak noted that there were no allowances in the 1964 budget for salary increases to hired county employees. He said that he felt inasmuch as the cost of living has increased, an increase should be considered. After several attempts to obtain a two per cent increase failed, he finally suggested that the supervisors donate their per diem pay for the day's meeting towards making up the increase. This also failed to pass.

## Oklahoma Drops Star Halfback

NORMAN, Okla. (AP) — The University of Oklahoma football team became the object of nationwide surprise for the second time in three days Monday when star halfback Joe Don Looney

was dropped from the squad for disciplinary reasons.

The first surprise came Saturday, when the Sooners, then rated No. 1, were soundly outplayed by Texas and defeated 28-7.

Coach Bud Wilkinson declined to comment on the incident. He would not say if the loss to Texas had anything to do with the dismissal of the 224-pound speedster from Fort Worth, Tex.

But Looney's father, Don Looney, a star end for Texas Christian in the late 1930s, told the Fort Worth Star-Telegram that Wilkinson telephoned him to say:

"I am sorry it happened. He had lots of ability, but he had some bad practices last week, and we decided that this cost us the ball game."

Looney's father said his son had a sore foot last week which hampered him in practice.

The elder Looney told the Star-Telegram that Wilkinson said the OU senior football player had taken a vote and decided they could do better without him.

A newsman was told by OU end John Flynn, Looney's roommate, that the big senior had moved out of the dormitory and headed for a relative's home in Kansas.

Rumors had persisted for some time that such a move was brewing. Looney reportedly was the object of some displeasure from the coaching staff when he skipped spring training to try out for the track team.

"No thanks," said Ellsworth who compiled a 22-10 record with the Chicago Cubs in 1963 after a horrible 9-20 mark in 1962. "If you have to lose 20 games one year and then come back and win 20 the next, I don't want it anymore."

The 23-year-old left-hander credits the development of a slider for his reason, which included a 2.10 earned run average with 75 walks and 185 strikeouts in 290 2/3 innings.

Ellsworth collected 24 votes in the balloting by 68 baseball writers and finished far ahead of Curt Simmons of St. Louis, another southpaw.

## Kingsford Ranked Fourth In State Prep Grid Poll

By The Associated Press

Last weekend's rash of upsets on the Michigan high school football front has resulted in quite a shakeup in this week's Associated Press poll.

Seven teams moved into the top 10 in the three classes, although none of the newcomers dislodged the leaders.

Flint Central remains the kingpin in Class A, Bad Axe rules Class B and Kalamazoo St. Augustine remains atop Class C-D. All are 5-0.

Birmingham Seaholm (4-0-1) jumped into the No. 7 spot in Class A, and Sault Ste. Marie (7-0) and Plymouth (5-0) took over ninth and tenth, respectively.

Dropping out of the elite group were Benton Harbor, Ferndale and Traverse City.

Mount Morris (5-0) and Dundee (5-0) are eighth and tenth in Class B.

Biggest jump in class B was made by Willow Run, which the AP's statewide panel of sports writers and sportscasters placed in the No. 2 spot following a victory last Friday over River Rouge.

The other two newcomers

were in Class C-D, where Saranac (5-0) climbed into a seventh place tie with Flint Holy Redeemer, and Middleville (4-1) placed tenth.

Missing from the top 10 for the first time this year is defending champion Galesburg-Augusta.

Fifth last week, it was among the also rans after dropping its second game last Friday.

## In This Corner

with Ray Crandall

In downstate football action over the weekend, Coach Al Sigman's Bay City Handy team played a 6-6 tie with Pontiac Central. Jack Finn's Battle Creek Central powerhouse trounced Portage 56-13. Muskegon, coached by Paul Baldwin, bowed to Grand Haven 19-0.

Dick Berlinski scored two touchdowns and two extra points as the Kingsford Flivvers edged previously unbeaten Stambaugh 20-13, boosting his season point total to 119. The junior speedster has gained 1,194 yards in 161 carries.

The Soo Blue Devils used two long distance touchdown jaunts to edge the surprising Ishpeming Hematites 14-6 in the Great Lakes Conference headliner last weekend. Fullback Don Kucharczyk rambled 46 yards in the first quarter and halfback Andy Benson went 43 in the fourth. Ishpeming's touchdown came on a 75 yard march late in the game with Bill Palomaki catching a two yard scoring pass from Leo Gehloff.

Mike DeGrand, Holy Name High School student, provided the action picture of Tom Meinz which ran in Monday's page. DeGrand covered the Crusader-Munising game for his high school newspaper Saturday.

Negaunee, Escanaba's foe here in the season finale Saturday, chewed up 120 yards rushing and hit on seven of 19 passes for 98 in the air, but blew several good scoring opportunities in bowing to Marquette 28-13. Alex Prusi passed to Stu Anderson for a two yard touchdown and Doug Maki scored on an 85 yard kickoff return for the Negaunee touchdowns.

Giz Brown hit on 13 of 24 passes for 192 yards and two touchdowns to lead St. Ignace to a 20-7 Huron-Straits Conference victory over downstate Alpena Catholic Central.

Houghton's Don Stipech raced 90 yards with the opening kickoff and the Gremlins scored two safeties in the fourth quarter to defeat Ontonagon 10-0 in a Copper Country Conference surprise. Ontonagon had won four straight starts before bowing on successive weekends to Crystal Falls and Houghton. The setback ended Ontonagon's abbreviated season. Houghton took over the conference lead with the victory.

Baraga also closed its season last weekend with a 28-0 defeat at the hands of Crystal Falls Trojans. The Vikings failed to win in six starts.

Bessemer, a school that has had only one losing season in the last 10 years, continues to have troubles this fall. The Speed Boys bowed 31-20 to Ashland in a Michigan-Wisconsin Conference contest last weekend. It was their third straight setback and fourth in seven starts this season.

## Oklahoma Drops Star Halfback

NORMAN, Okla. (AP) — The University of Oklahoma football team became the object of nationwide surprise for the second time in three days Monday when star halfback Joe Don Looney

was dropped from the squad for disciplinary reasons.

The first surprise came Saturday, when the Sooners, then rated No. 1, were soundly outplayed by Texas and defeated 28-7.

Coach Bud Wilkinson declined to comment on the incident. He would not say if the loss to Texas had anything to do with the dismissal of the 224-pound speedster from Fort Worth, Tex.

But Looney's father, Don Looney, a star end for Texas Christian in the late 1930s, told the Fort Worth Star-Telegram that Wilkinson telephoned him to say:

"I am sorry it happened. He had lots of ability, but he had some bad practices last week, and we decided that this cost us the ball game."

Looney's father said his son had a sore foot last week which hampered him in practice.

The elder Looney told the Star-Telegram that Wilkinson said the OU senior football player had taken a vote and decided they could do better without him.

A newsmen was told by OU end John Flynn, Looney's roommate, that the big senior had moved out of the dormitory and headed for a relative's home in Kansas.

Rumors had persisted for some time that such a move was brewing. Looney reportedly was the object of some displeasure from the coaching staff when he skipped spring training to try out for the track team.

## Tigers Promote Three Pitchers

DETROIT (AP) — Three pitchers were promoted to the Detroit Tigers' winter roster Monday.

The promotions were in a series of Tiger maneuvers in which veteran outfielder Whitey Herzog was sent down to Syracuse of the International League.

Placed on the winter roster for their first major league trials were pitchers Fritz Fisher, Pete Craig and Joe Sparma, signed last June off the Michigan, University of Detroit and Ohio State campuses, respectively.

The Tigers sent Herzog to Syracuse and left pitcher Howie Koplitz with the International

## Texas Takes Top Collegiate Spot In Football Poll

By JOHN CHANDLER

Associated Press Sports Writer

The Texas Longhorns, who've worked their way up step by step, took over the No. 1 spot today in The Associated Press poll of the nation's college football teams, leading a wholesale shuffling resulting from last weekend's stunning upsets.

The Longhorns finally climbed into the top spot by knocking off Oklahoma 28-7 Saturday. The Sooners had been rated the No. 1 team in the country going into the game.

Texas, rated No. 5 in the pre-season balloting topped by 1962 national champion Southern California, made the top after moving a step at a time up the ladder. The Longhorns were fourth in the first regular poll, third in the next, and second a week ago. Oklahoma, leader for the past two weeks, skidded to No. 6.

The special panel of sports writers and broadcasters gave Texas 51 of 55 first place votes, after wading through the week-

end wreckage that showed defeat for five of the teams in last week's Top Ten.

Besides Texas, the only other winner among the elite was Wisconsin, which beat Purdue 38-20 and jumped from fifth to second. Wisconsin got the four first place votes that didn't go to Texas.

Pitt advanced from sixth to third while Mississippi jumped from 10th to fifth. Both were idle Saturday.

In addition to the defeat of the Sooners, Alabama was upset by Florida, 10-6; Southern Methodist bumped Navy 32-28; Southern California was beaten 17-14 by Notre Dame; and Penn State was downed by Army, 10-7. Ohio State was tied by Illinois, 20-20.

Southern California, which led the first week but then was beaten by Oklahoma, dropped clear out of the Top Ten. The Trojans were No. 7 last week. Penn State, ninth a week ago, also dropped out.

The Top Ten, with first place votes in parentheses and total points in the 10-9-8-etc. basis:

Team	Points
1. Texas (51)	546
2. Wisconsin (4)	487
3. Pittsburgh (4)	413

Gary Silc Cut By Piston Club

DETROIT (AP) — Eddie Miles, former Seattle University star, survived a Detroit Pistons squad cut Monday and will be the only rookie on the roster when the Pistons open their National Basketball Association season Wednesday night.

While retaining Miles, the Pistons dropped four men—Ernie Dunston of Seattle, Dave Erickson of Marquette, Gary Silc of Northern Michigan and Jerry Smith of Furman.

The Pistons open against the Philadelphia 76ers here.

## Packers, Cards Tangle Sunday

By MIKE RATHET

NEW YORK (AP)—Hanging out the pro football wash—or, getting a day in the sun for the items crowded off the line earlier:

The National Football League, which lists one interconference battle on each week's program, matches its division runners-up this Sunday, with the Green Bay Packers taking on the Cardinals at St. Louis. Both have 4-1 records.

Plan Ahead Dept: The pros are masters of the well-conceived, well-executed play. So what happened Sunday?

Green Bay led Minnesota 30-28. The Vikings attempted a field goal from the 10 that would have put them ahead but Herb Adderley broke through to block the try. Said Adderley:

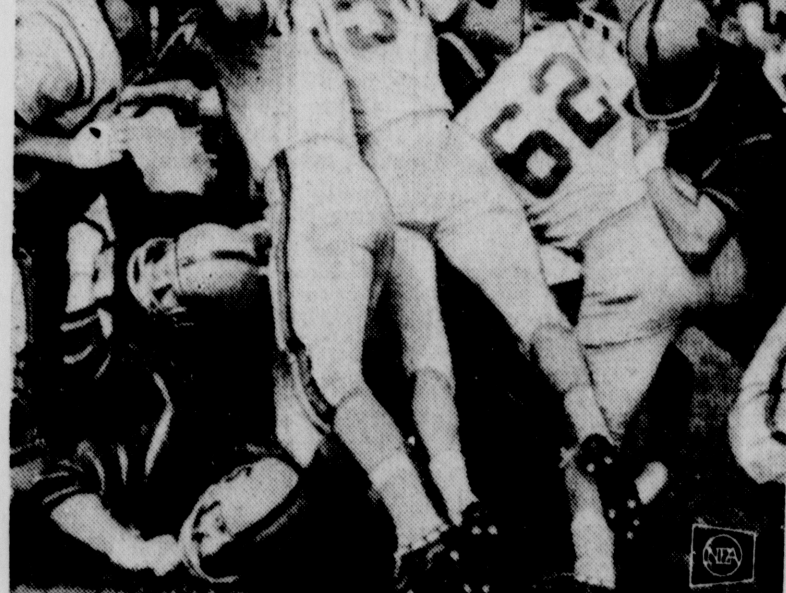

"I had first lined up on the right side, but the man holding the ball for the kick had his back to me. I wanted to distract him from his concentration on holding the ball. So I moved over to the right side. Then I just ran around the line, and the ball hit me on the face guard."

And at St. Louis, Cardinal quarterback Charlie Johnson faded to pass from his 28 with Pittsburgh leading 23-17 and time running out. He couldn't find a receiver on the play called.

"I intended to throw the ball into the dirt to stop the clock," said Johnson, "but Bobby Joe Conrad was running so wide open I just had to throw it to him."

Result: The winning TD with five seconds left.

I got it, you take it: The option play seems to be enjoying unusual success among the pros. Three non-quarterback types hit on scoring throws Sunday—John David Crow of the Cardinals, Tom Moore of the Packers and Gerry McDougall of the San Diego Chargers. All three teams won.

UNSOCIAL CLIMBER — Cosmos Iacavazzi of Princeton climbs over a pileup for a two-yard gain against Rutgers at Palmer Stadium.

## Chene Headlines Wrestling Card Here Saturday

The first professional wrestling card to be presented here in years will be staged Saturday, Oct. 19, at 8:30 in the new Escanaba Area Public High School gym.

The card will be sponsored by the Escanaba Exchange Club, a civic, non-profit service club. Profits will go into the club's fund for dental care of underprivileged children of Delta County.

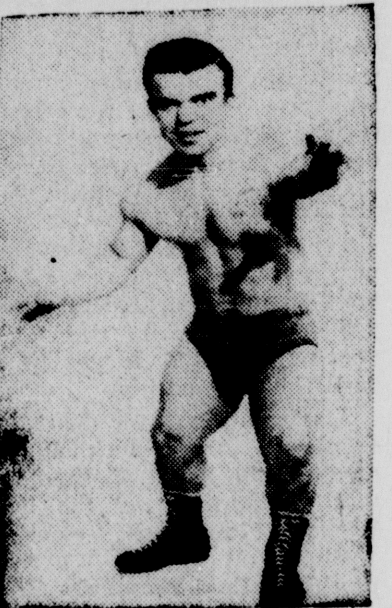

Headlining the card will be heavyweights Larry Chene and Ricki Cortez.

Leaping Larry Chene is a popular wrestling figure from coast to coast. His maneuvers in the ring include such aerial feats as the flying head scissors, the leapfrog drop, the flying dropkick.

"Crusher" Cortez is a rough and tough Latin who pays little attention to the rules of wrestling. He has reached the top rungs of his profession with brute strength and unpopular tactics.

Also featured will be a heavyweight match between Johnny (Dynamite) Gates and Chief White Eagle.

Midgets will share the spotlight Saturday night with Pancho Lopez taking on Farmer Pete. They are international figures in the wrestling world.

Pancho Lopez

and recently returned from a tour of Japan.

Final match of the night will be a special four man tag team event with the midgets and heavyweights in the ring simultaneously.

## Duffy Wants Pass Attack

EAST LANSING (AP) — "We certainly have to improve our passing," admitted Duffy Daugherty.

The Michigan State football boss made the remark as he looked ahead to this Saturday's game against Indiana.

Daugherty had a quarterback Steve Judy throwing in a scrimmage session Monday afternoon. The rest of the regulars were excused from the hitting session.

The Hoosiers, although three-time losers this season, have stopped opponent running attacks, Daugherty noted.

"The only thing that has hurt them is passing," he said. Michigan State's passing has been disappointing. Judy has hit 15 of 44 tries for 240 yards. He also has four interceptions.

Alternate quarterback Dick Proebstle has only one hit in six pass tries. Sperm Lewis, the little handyman of the MSU offense has completed one of two.

Daugherty is pleased with the Michigan State defense. The Spartans have held opponents to only 212 yards rushing while going for 583 yards in their ground game.

But, the offense hasn't provided touchdowns, he said. This was illustrated by the disappointing 7-7 tie with Michigan.

Most of the regulars were excused from scrimmage Monday night while Daugherty concentrated on what he termed "a review of our mistakes."

## Fight Results

## Lowe Is Leader Among Rushers

NEW YORK (AP) — Paul Lowe, the fleet halfback of the San Diego Chargers, is out to prove that he does not have to rank behind either Billy Cannon or Abner Haynes when it comes to toting that ball.

The latest American Football League statistics show Lowe out front in the rushing department with 396 yards on 53 carries, an awesome average of 7.4 yards per effort.

Although the Oakland Raiders are on a losing streak, Art Powell still led the pass receivers with 37 for 606 yards.

## Girl Scout Drive Started

At the Manistique Girl Scout Council meeting Tuesday evening at the home of Mrs. Earl LeBrasseur, final plans were made for the annual financial drive. Camp Hi-Da-Way, under direction of Miss Evelyn Berwin, reported a very successful season. Mrs. Bruce McKilligan and Mrs. Signe Cameron joined the council to serve as members at large. A leaders' and assistant leaders' meeting is scheduled for Oct. 28 at 7:30 p. m., in the high school library. The Nov. 12 meeting will be at the home of Mrs. Bruce McKilligan.

## County Board Accepts Bids

The Schoolcraft Board of Supervisors Monday accepted bids on coal and fuel oil, heard report from Wilfred Johnson on plans for campsite development at Indian Lake and a proposal of Leonard Harbick and Scott Creighton for a channel to connect Indian and Dodge lakes.

Dean Rhoads, new county extension director was introduced to the board. A resolution of sympathy was drafted for the family of William Popour, Inwood supervisor many years who drowned on a fishing expedition on Mowee lake.

The Standard Oil bid at 13.25 cents per gallon was accepted for the fuel oil, that of Girvin Coal and Dock for stoker coal at \$12.50 per ton and Manistique Lumber and Coal at \$15.75 per ton. The low bids were accepted in each case. Seven were received on fuel oil and two on coal.

## City Audit Report Ready

The audit of city records has been received and shows a deficit of \$44,000 in operations the past two years, representing immediate obligations, and a total deficit of \$74,000, including time payments to be made on voting machines, the garbage truck and other equipment. S. C. Gesko Jr., city manager, told Rotary Club members Monday noon. The program was arranged by Fred H. Hahne.

Fifty copies of the audit are available at the city hall for public inspection, Gesko said. The city has now changed to the accrued from the cash system of accounting, he added.

Methods the city is considering to acquire additional revenue were reviewed by Gesko, who cited raising tax assessments to a third of market value as a possible solution. Other revenue plans include raising sewer and water rates, sewer millage, building permit fees, vault and interment fees, garbage collection fees, and charges for water and sewer connections.

A survey of cities has shown Manistique rates midway on the scale and Escanaba water rates higher than Manistique's, if sewer charges are separated from them. The city has \$2,600 in delinquent water bills and also some delinquent personal property taxes.

In discussing cost cutting, Gesko noted this could be done by cutting personal services and/or increasing efficiency.

However, the public works crew is smaller than it was in earlier years and cutting would be difficult. A number of employees are nearing retirement age, he added. More training for the public safety department was urged by the manager, who observed cutting of services there would be harder as the men also operate the ambulance and the county fire truck. Some saving probably can be made in purchasing, he said. Exchanging of equipment before it wears out, to take advantage of trade-in value and use chiefly in warranty periods were among those cited.

Level of pay of municipal employees is lower, and Gesko said he would like to see this increased. The city has no retirement system, so when city employees are retired they are added to the pool of city residents who have extremely small retirement incomes, a factor now in community planning due to the high number of these. Costs of living are about equal, considering rent and food, with other areas, though some costs are lower.

Gesko also observed he was "a little surprised" the business community doesn't do more promotion, such as "Silver Dollar Days," to bring shoppers here. He observed that realistic pricing, to stay competitive and adequate inventory, were important to hold consumer confidence in local stores.

City projects presently include improvement in the lake-front area to develop a park and picnic site which will help hold tourists.

## Social

St. Theresa Circle, at its recent meeting at the home of Mrs. Lester Goudreau, made plans to participate in the Nov. 3 fall festival. The Nov. 5 meeting will be at the home of Mrs. Lloyd Neville. Mrs. Warren Groleau will be assisting hostess. During the last meeting, for which Mrs. Harvey Goudreau was co-hostess, awards were won in games by Mrs. Frank Gregurash and Mrs. Lillian St. John. Mrs. St. John also received the special award.

Redeemer Church Plans Festival

The Women's Association of the Presbyterian Church is planning a fall festival in Westminster Hall Nov. 2. A bake sale and tea from 1 to 4 p. m., will include a bazaar of harvest specialties such as jam, jelly, canned fruits and vegetables, fresh vegetables, flowers and house plants. Another section will feature aprons and hand-made items for early Christmas gift shoppers. From 5 to 7 p. m., a family night supper will be served. The meal will be home-cooked and a fish pond will be provided for children. The three circles of the Women's Assn., the Women's Society, Guild and Westminster circle are organizing the festival, but all affiliated with the church will assist. The Youth Fellowship, parents of children in the Sunday school and church women not members of circles also will be working on the project.

## County Spreads '63 Tax Levy

The Schoolcraft Board of Supervisors Monday voted to spread \$194,934.54 in taxation for the fall levy, which will total \$527,546.41 for all purposes.

The total levy compares with \$607,206 in 1960, \$506, 729 in 1961, and \$486,969 in 1962.

The levy includes \$306,506 for school purposes, or 58.10 per cent of the total, \$27,137 for township levies, or 5.12 per cent and \$191,817 for the county, or 36.36 per cent of the total.

The total millage levies and amounts are:

City—21 mills for \$209,776.11 (\$34.42 adjusted millage)

Doyle—25.55 for \$46,652.88 (\$34.46 adjusted millage)

Germfask — 26.3 mills for \$22,661.09 (\$16.77 adjusted millage)

Hiawatha—17 mills for \$37,226.97 (\$34.8 adjusted millage)

Inwood—23 mills for \$36,803.13 (\$35.24 adjusted millage)

Manistique township — 21 mills for \$33,443.17 (38.98 adjusted)

Mueller—16 mills for \$83,392.61 (26.40 mills adjusted)

Seney—20 mills for \$17,817.62 (26.40 mills adjusted)

Thompson — 20.5 mills for \$39,227.78 (48.99 adjusted)

The adjusted millage reflects the conversion of the tax rate, on state equalized valuation of \$25,977,647, which is higher than county assessed valuations. Taxpayers may arrive at the amount of their tax bills by multiplying the adjusted millage times, their assessed valuation. For example, in the city, a home assessed for \$1,000 would have \$34.42 tax.

## Girl Scout Drive Started

At the Manistique Girl Scout Council meeting Tuesday evening at the home of Mrs. Earl LeBrasseur, final plans were made for the annual financial drive. Camp Hi-Da-Way, under direction of Miss Evelyn Berwin, reported a very successful season. Mrs. Bruce McKilligan and Mrs. Signe Cameron joined the council to serve as members at large. A leaders' and assistant leaders' meeting is scheduled for Oct. 28 at 7:30 p. m. in the high school library. The Nov. 12 meeting will be at the home of Mrs. Bruce McKilligan.

## County Board Accepts Bids

The Schoolcraft Board of Supervisors Monday accepted bids on coal and fuel oil, heard report from Wilfred Johnson on plans for campsite development at Indian Lake and a proposal of Leonard Harbick and Scott Creighton for a channel to connect Island and Dodge lakes.

Dean Rhoads, new county extension director was introduced to the board. A resolution of sympathy was drafted for the family of William Popour, Inwood supervisor many years who drowned on a fishing expedition on Mow Lake.

The Standard Oil bid at 13.25 cents per gallon was accepted for the fuel oil, that of Girvin Coal and Dock for stoker coal at \$12.50 per ton and Manistique Lumber and Coal at \$15.75 per ton. The low bids were accepted in each case. Seven were received on fuel oil and two on coal.

## City Audit Report Ready

The audit of city records has been received and shows a deficit of \$44,000 in operations the past two years, representing immediate obligations, and a total deficit of \$74,000, including time payments to be made on voting machines, the garbage truck and other equipment, S. C. Gesko Jr., city manager, told Rotary Club members Monday noon. The program was arranged by Fred H. Hahne.

Fifty copies of the audit are available at the city hall for public inspection, Gesko said. The city has now changed to the accrued from the cash system of accounting, he added.

Methods the city is considering to acquire additional revenue were reviewed by Gesko, who cited raising tax assessments to a third of market value as a possible solution. Other revenue plans include raising sewer and water rates, sewer millage, building permit fees, vault and interment fees, garbage collection fees, and charges for water and sewer connections.

A survey of cities has shown Manistique rates midway on the scale and Escanaba water rates higher than Manistique's, if sewer charges are separated from them. The city has \$2,600 in delinquent water bills and also some delinquent personal property taxes.

In discussing cost cutting, Gesko noted this could be done by cutting personal services and/or increasing efficiency.

However, the public works crew is smaller than it was in earlier years and cutting would be difficult. A number of employees are nearing retirement age, he added. More training for the public safety department was urged by the manager, who observed cutting of services there would be harder as the men also operate the ambulance and the county fire truck. Some saving probably can be made in purchasing, he said. Exchanging of equipment between it wears out, to take advantage of trade-in value and use chiefly in warranty periods were among those cited.

Level of pay of municipal employees is lower, and Gesko said he would like to see this increased. The city has no retirement system, so when city employees are retired they are added to the pool of city residents who have extremely small retirement incomes, a factor now in community planning due to the high number of these. Costs of living are about equal, considering rent and food, with other areas, though some costs are lower.

Gesko also observed he was "a little surprised" the business community doesn't do more promotion, such as "Silver Dollar Days" to bring shoppers here. He observed that realistic pricing, to stay competitive and adequate inventory, were important to hold consumer confidence in local stores.

City projects presently include improvement in the lake-front area to develop a park and picnic site which will help hold tourists.

## Social

St. Theresa Circle, at its recent meeting at the home of Mrs. Lester Goudreau, made plans to participate in the Nov. 3 fall festival. The Nov. 5 meeting will be at the home of Mrs. Lloyd Neville. Mrs. Warren Groleau will be assisting hostess. During the last meeting, for which Mrs. Harvey Goudreau was co-hostess, awards were won in games by Mrs. Frank Gregurash and Mrs. Lillian St. John. Mrs. St. John also received the special award.

## County Spreads '63 Tax Levy

The Schoolcraft Board of Supervisors Monday voted to spread \$194,934.54 in taxation for the fall levy, which will total \$527,546.41 for all purposes.

The total levy compares with \$607,206 in 1960, \$506, 729 in 1961, and \$486,969 in 1962. The levy includes \$306,506 for school purposes, or 58.10 per cent of the total, \$27,137 for township levies, or 5.12 per cent and \$191,817 for the county, or 36.36 per cent of the total.

The total millage levies and amounts are:

City—21 mills for \$209,776.11 (34.42 adjusted millage)  
Doyle—25.55 for \$46,652.88 (53.46 adjusted millage)  
Germfask—26.3 mills for \$22,661.09 (51.67 mills)  
Hiawatha—17 mills for \$37,226.97 (34.8 adjusted millage)  
Inwood—23 mills for \$36,803.13 (35.24 adjusted millage)  
Manistique township—21 mills for \$33,443.17 (38.98 adjusted)

Mueller—16 mills for \$83,392.61 (26.40 mills adjusted)  
Seney—20 mills for \$17,817.62 (26.40 mills adjusted)  
Thompson—20.5 mills for \$39,227.78 (48.99 adjusted).

The adjusted millage reflects the conversion of the tax rate, on state equalized valuation of \$25,977,647, which is higher than county assessed valuations. Taxpayers may arrive at the amount of their tax bills by multiplying the adjusted millage times, their assessed valuation. For example, in the city, a home assessed for \$1,000 would have \$34.42 tax.

## Redeemer Church Plans Festival

The Women's Association of the Presbyterian Church is planning a fall festival in Westminster Hall Nov. 2. A bake sale and tea from 1 to 4 p. m., will include a bazaar of harvest specialties such as jam, jelly, canned fruits and vegetables, fresh vegetables, flowers and house plants. Another section will feature aprons and handmade items for early Christmas gift shoppers. From 5 to 7 p. m., a family night supper will be served. The meal will be home-cooked and a fish pond will be provided for children. The three circles of the Women's Assn., the Women's Society, Guild and Westminster circle are organizing the festival, but all affiliated with the church will assist. The Youth Fellowship, parents of children in the Sunday school and church women not members of circles also will be working on the project.

# Helsinki Troupe To Present Play In U. P. Oct. 24

MARQUETTE — The Finnish National Theatre (Suomen Kansallisteatteri) will make its first appearance here on Oct. 24 at 7:30 p. m. They will present "The Country Cobbler" by Aleksis Kivi in the Gravel High School auditorium.

It will be the only appearance of the company in the Upper Peninsula this year and for those who do not understand the Finnish language, a translation of the plot will be distributed prior to the performance.

The art of the stage has become so popular in Finland and has gained such a devoted public that it has been named the Finnish National Art. Finland has 32 government supported theaters and almost 8,000 amateur theaters and dramatic clubs.

The group comes from Helsinki, one of 12 in the city of 450,000 population. Helsinki is also the native city of the play's Aleksis Kivi, who has also written "The Seven Brothers," another play popular in Finland.

The drama group is directed by Vilho Seirola and will come to Marquette from Sault Ste. Marie, Ontario, after playing in New York City and other cities. They will end their U. S. tour in Miami, Fla.

The Finnish people and "Friends of the Finnish" who sponsored last year's successful "Singers of Finland Chorus" are again volunteering to bring interested persons to Marquette for the Oct. 24 event. Mrs. John Osterberg of Marquette is general chairman and is assisted by Finnish organizations and groups of volunteers.

# Milk Producers' Income Slips

Upper Peninsula Milk producers' income in September was down \$6,345 from the same month a year ago, the U. S. Department of Agriculture reports.

Production went up from 9.71 million pounds to 9.74 million pounds so the difference was in price. The blend (average) price of milk was \$3.831 per hundredweight compared with \$3.90 a year ago.

The price of Class 1 (drinking) milk in the Escanaba Zone was down from \$4.08 to \$4.01 and the price of Class 2 (for manufacture) milk was up from \$2.06 to \$3.12.

The number of milk handlers declined from 29 to 27 and the number of producers from 621 to 574. The average 7 day income of producers was \$159.62 compared with \$149.93 in September, 1961, while daily average production went from 323,830 pounds to \$324,694.

# U. P. Meeting Of Delta Kappa Gamma Held Here

The Upper Peninsula Tri-Chapter meeting of Delta Kappa Gamma Society was held in Escanaba on Friday following the close of the MEA Regional conference.

Seventy-five members of Delta, Alpha Delta, and Alpha Tau chapters attended a buffet luncheon at noon at Marco's. Keynote speaker was Miss Jane O'Connor, state president from Grand Rapids. The program was followed by initiation ceremonies and a business meeting, presided over by Mrs. Helen Johnson, Delta chapter president from Marquette.

Forty members attended the evening dinner at the Dells Supper Club. Miss O'Connor, assisted by Mrs. Ethel Lundy of Grand Rapids, reported on the Northeast Regional convention held at White Sulphur Springs, W. Va., in August. A showing of colored slides of the convention highlighted the program.

Program chairman for the day was Miss Letha Stevens of Sault Ste. Marie. Local arrangements were in charge of Ruth Hebbard and Esther Carlson.

Delta Chapter was represented by three members on the MEA program. They were Evelyn Berwin of Manistique, Victoria Dowgiovito of Menominee, and Catherine Hawes of Marquette.

# Delta Catholic Credit Union To Have Open House

Delta Catholic Credit Union will observe International Credit Union Day Thursday, Oct. 17, with an open house. Its offices at 710 Ludington St. will be open from 8 a. m. to 5 p. m. and refreshments will be served. Members are eligible to register for an award.

Governor Romney has proclaimed the week of Oct. 13-19 Credit Union Week in Michigan.

Delta Catholic Credit Union was chartered by the Michigan State Banking Department Oct. 5, 1960, with beginning assets of \$1,164. It now has over 400 members with assets of \$170,000 and serves Catholic families in Delta County.

In observance of International Credit Union Day all credit unions received a letter of congratulations from President Kennedy.

James M. Day of Blawenburg, N. J., has been named fieldman for Michigan of the Holstein Friesian Association of America. A member of the Wisconsin Collegiate dairy judging team in 1958-59, he replaces Russell Miller of Williamston, who served Michigan and Indiana for 17 years.

# Trenary

The Methodist MYF will have a Halloween party at the church Monday, Oct. 28.

Mr. and Mrs. Henry Van Hala of Cleveland have been guests at the Fred Van Hala home. They are enroute to Florida for the winter.

Mr. and Mrs. E. Eckward, Sault Ste. Marie, visited Mr. and Mrs. Paul Peterson.

Mr. and Mrs. Frank Saari, Menasha, Minn., have been house guests of Mr. and Mrs. Isaac Maki. Saari was manager of the Coop Store here 36 years ago.

Mr. and Mrs. Edwin Waananen have returned from a successful moose hunting trip to South Porcupine, Ontario. Mr. and Mrs. Sig Anderson of Manistique have purchased the Richmond Store in Kiva. Mrs. Walter McClintock, Republic, visited at the William Bucholtz home.

# Speech League

MARQUETTE — Northern Michigan University was admitted to membership in the Michigan Intercollegiate Speech League at the fall meeting of the organization at St. Mary's Lake. Professor John Monsma, director of forensics at NMU, was elected the League's director of extemporaneous speaking for 1963-66.

# Tech's Budget Total Doubled

HOUGHTON — The Michigan Tech Board of Control has voted to send to the Governor a record breaking budget request of \$9,348,835 for the 1964-65 fiscal year. The figure includes operational and capital outlay funds for both Houghton and Sault Ste. Marie campuses.

Some \$6.7 million is earmarked for operational needs, with approximately \$2.5 million requested for special maintenance, remodeling and additions and new construction.

Greatest increase is in the request for operational funds. Current operating budget for the college is slightly more than \$4.3 million.

"The increase is vital," Secretary explained, "if Michigan Tech is to raise its faculty salaries to a nationally competitive level with other leading science and engineering schools. It is also necessary if Tech is to enlarge the faculty to lighten teaching loads, and successfully carry on its special research programs."

# North Western Opens Its Huge Piggyback Yard

CHICAGO—The most modern piggyback terminal in the country designed exclusively for the handling of highway trailers on railroad flat cars was formally placed in operation Monday by the Chicago & North Western Railway.

To be known as Proviso Piggyback Plaza, the million-dollar terminal, one of the largest of its kind in the United States, has the capacity to handle more than 700 of the largest highway trailers per day. The terminal, which occupies 20 acres, is in the North Western's Proviso freight yard 14 miles west of downtown Chicago and adjacent to cloverleaf connections of toll roads, expressways and highways leading to all parts of metropolitan Chicago.

Although the Piggyback Plaza is designed with emphasis on trailer handling and parking, it contains over 2½ miles of track.

In describing North Western's scope of piggyback operations, Board Chairman Ben W. Heineman said the North Western offers all types of piggyback plans to shippers and motor carriers. The railroad operates a fleet of more than 600 highway trailers, approximately 350 of which are mechanically refrigerated and in addition, handles trailers owned by motor common carriers and private industries.

# Chips And Splinters

Contributions To Chips Welcomed

Einar H. Andrews, 15421 N.E. 2nd Place, Bellevue, Wash., sends a copy of the Seattle Times of Oct. 9 which lauds Thorman Jacobsen, former Escanaban, as an outstanding neighborhood druggist.

"Thorman Jacobsen, the almost legendary 'Jake,' owner of Jacobsen's Drugs, for almost 40 years has helped uncounted youngsters through college, even financing several of them in drugstores of their own. Today, some of the city's best known professional men regard Jake like a father."

"When word leaked in 1948 that Jake was about to celebrate the 25th anniversary of the opening of his Queen Anne Hill store, more than 350 friends, neighbors and just plain customers got together and gave him a surprise party, a testimonial dinner at the New Washington Hotel."

"A few who worked for Jake as teen age errand boys are Al Keifer, who now has his own drug store in Marysville; Harry O'Neil, who has a pharmacy in Port Townsend; Johnny Johnson, who owns J&J Pharmacy on Magnolia and Dr. John W. Codling, obstetrician."

"Seattle druggists who have a affection for Jake include George Benson, Allen F. Long, and Johnny Johnson. He set all three of them up in the pharmacy business. Jake, although several times a grandtainer, still works a 6 or 7 hour shift each day, and a night shift on Sundays. I started working from 9 a. m. to 11 p. m.—7 days a week," he says.

(Thorman Jacobsen started his pharmacy career at 15 working in the Ellsworth Drug Store in Escanaba. He wed Ovedia Johnson of S. 14th St., Escanaba. He was graduated from Marquette University pharmacy school in 1914, served in the Army and went to Seattle in 1919.)

Senator Hart announced that the U. S. Senate restaurant in Washington will specify Michigan beans on its menu the chief ingredient of its bean soup recipe. The recipe for "Famous Senate Restaurant Bean Soup" has been printed on the back of the menu for years but it called only for "white navy beans" without specifying their origin.

The Upper Peninsula Club at Lansing will hold its fall dance at the Capital Park Motor Hotel, Lansing, Saturday evening, Nov. 2 after the MSU-Wisconsin football game. Frank Parker and his U. P. Polkateers will play for the stomp.

Montezuma II was the last Aztec emperor of Mexico.
